Attention: Mr. William Bjork

RE: Donations to MISD...

Dear William;

It is with great pleasure that I am donating the following items to the Mineola Independent School District (MISD):

1. A 2009 Husqvarna model YTH2348 riding lawn mower. As the model number implies, the unit has a 23 HP gasoline engine and a 48 inch cut. The unit has been used less than 180 hours. Except when in use, the mower has been garaged; and, it has had all of the required maintenance performed. Having said that, the unit has not been used this year; and, it probably needs the oil and the filter changed.

I value this unit at \$850.00, and would like to donate it to the MISD maintenance department.

2. A Meade model 395 telescope. This is a clock driven 4.5 inch refracting telescope. The unit has an image inverting prism for terrestrial viewing. However, this may be removed for astronomical viewing. To the best of my knowledge, the telescope is in excellent working condition. However, I have not used it in several years. I have misplaced the assembly manual; but, a sharp student should have no trouble assembling the unit. Failing that, the official Meade website is [www.meade.com](http://www.meade.com); or they may be contacted by telephone at 800.626.3233.

I value this telescope at \$400.00, and would like to donate it to the MISD High School science/physics department.

I am respectfully yours,

Charles C. Couser
