

Examining the 4 C's 21st for Learning
5 hours - 1/2 Board Credit
Unit/Lesson Plan (Optional) - 1/2 Board Credit
20 seats - available to all teachers grades K-2
June 12th 8:30-1:30 (5 hours)

21st Century Learning requires organizations to meet the current requirements of our standardized tests while also striving to achieve the 4Cs: communication, collaboration, creativity, and critical thinking. The skills needed for success in college and career are becoming increasingly complex, and schools must rise to meet new demands.

The following represents our current reality at Becker Intermediate School.

Data not available for Becker Primary School

This course will focus on how teachers can incorporate the 4Cs in ways that make sense in their respective classrooms. During this session, we will focus on the following:

1. What do we mean by communication and collaboration in a 21st Century Learning experience?
2. What are ways we can use tools such as Edmodo to foster student communication and collaboration.
3. How can students can use tools such as 30Hands and Educreations to demonstrate understanding.

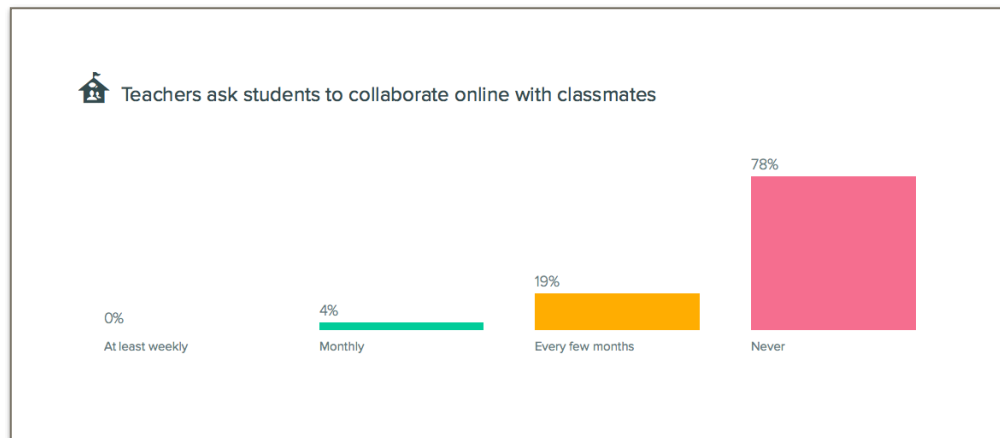

An **additional 1/2 credit can be earned** in the 2014-15 school year by implementing a strategy learned during this day. A basic unit/lesson plan will be submitted along with a reflection of the experience. This plan will be available to others within Becker Schools to provide ideas and support for those who are interested in moving forward. The template will be available in Google Docs.

What to Bring: Laptop and iPad with the following apps - Edmodo, 30Hands, and Educreations. Be sure all apps are updated prior to attending.
