

TRANSPORTATION BOARD REPORT FOR THE MONTH OF NOVEMBER 2019

SUBMITTED BY: TERI L. DEROCHE

The drivers gave out Subway and Taco Johns gift cards to the students that were well behaved on their buses. They reassured the rest of the students that they will have a chance at getting an incentive like this or similar in the future if they want to improve their behavior. Transportation staff is hoping that giving incentives will help with the behavior problems on the buses.

For our second incentive we had a pizza party and movie for the students on their lunch hours. The student parent/guardian signed permission slips to bring them to the transportation department.

Transportation is still short drivers and in need of bus riders.
