SUBJECT: Update of Policy 5200 Student Discipline Policy (Including Safe School Policy) on a second read

Policy 5200 Student Discipline Policy (Including Safe School Policy) has been amended to align with our current practices. Definitions have been updated as well as practices related to the referrals, investigations, and student conduct as it relates to long-term suspensions and district hearings. A minimal update to this policy has been requested by our Student Services and Legal Department. We are seeking Board approval of this policy on a second read. A comprehensive revision of this policy is underway, encompassing the development of an Administrative Handbook to aid school administrators in implementing effective practices when working with discipline issues.
