

DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois

Regular Meeting October 28, 2019

FOR ACTION

Subject: **Approval of the DuPage Regional Office of Education Safety Resolution**

In late September, the District was invited to a meeting in Wheaton to discuss the need for a comprehensive and coordinated effort to develop necessary protocols to ensure the safety of the students served in DuPage County. The recommendation for local governmental units to approve a resolution as the first step in a process of creating opportunities for common planning using templates is being endorsed across the State.

I support the Resolution as published in the Board packet this evening, as it commits the District to join with other local governmental units to plan for the safety and well-being of the students and staff in all communities.

Recommendation: The Board approve the DuPage Regional Office of Education Safety Resolution, as attached.
