Subject: Recommendation for Sexuality Education Curriculum for Fifth, Sixth and Seventh Grades

I am requesting that the following curriculum and teacher resource materials for fifth, sixth and seventh grade sexuality education be placed on the May 21, 2012, Board Curriculum Committee agenda. This recommendation will enable Livonia Public Schools to meet the updated MDE grade level content expectations for Sexuality Education. Grade-level teacher teams completed the district prescribed textbook adoption process. The district's Sexuality Education Advisory Board reviewed these materials and recommends this adoption. The upper elementary school principals and the middle school principals support the recommendation. The materials have been available to review in my outer office area. I sent an email to Board Members inviting them to review these items.
