Food Service Building Report

The Food Service Program total meals served from the last week of school and Summer Food Program for the month of June 2025 are below;

SNP:

Breakfast: 3,186 meals

Lunches: 4,834 meals

SFSP:

Breakfast: 903

Lunch: 4,732

The Summer Food Service Program has been very busy with serving children throughout the community at our serving sites (see attached flyer). The sites also included; Youth Day (July 9th) and NAID Celebration (July 10th) The food service program has had the assistance with the vision workers at each site including the community events.

The Ware house has been working very hard daily to carry out their daily operations including the assistance they provide for the school kitchens, food deliveries, and mail. The warehouse clerks and the cooks that are subbing for the summer season have packed the food service warehouse for the move to the new building. We are now operating out of the new building.

The food service program does have vacancies; (2) assistant cooks at Napi kitchen, (1) assistant cook at Supper Program.

The central kitchen for the Summer Food Service Program has been changed from Napi kitchen to Middle School kitchen due to maintenance work in Napi kitchen. The kitchen had extreme use throughout the school year(s) and with the supper program included. The food service staff has started to deep clean the kitchens and will continue throughout the summer season until all kitchens are deep cleaned and ready for the upcoming school year. At this time, we are waiting for the new equipment (warmer/salad bar server) for Napi which is scheduled to arrive shortly.

The remaining equipment at the old warehouse is scheduled to be moved to the new building the week of July 21st. Thereafter, the old warehouse will be cleaned and ready for the new occupants.

The food service program looks forward to feeding the kids and happy tummies!

Attached are the reimbursements for June 2025 for the school meals, and the updated Summer food program flyer.
