SECTION B – SAAS SERVICES

1. Rights Granted. We grant to you the non-exclusive, non-assignable limited right to use the SaaS Services solely for your governmental purposes, subject to any limits for Defined Vehicles or Data Storage Capacity. You may add additional vehicles or additional data storage capacity on the terms set forth in this Agreement. In the event you regularly and/or meaningfully exceed the Defined Vehicles or Data Storage Capacity, we reserve the right to charge you additional fees commensurate with the overage(s). You acknowledge that we have no obligation to ship copies of the Tyler Software as part of the SaaS Services. Your right to use the SaaS Services applies to releases provided as part of our Maintenance and Support Services as further detailed in this Agreement.
2. Ownership.
 - 2.1. We retain all ownership and intellectual property rights to the SaaS Services, the Tyler Software, and anything developed by us under this Agreement. You do not acquire under this Agreement any license to use the Tyler Software in excess of the scope and/or duration of the SaaS Services.
 - 2.2. The Documentation is licensed to you and may be used and copied by your employees for internal, non-commercial reference purposes only.
3. Data.
 - 3.1. You retain all ownership and intellectual property rights to the Data. You expressly recognize that except to the extent necessary to fulfill our obligations contained in this Agreement, we do not create or endorse any Data used in connection with the SaaS Services.
 - 3.2. You expressly grant to us a limited, non-exclusive license to access, copy, transmit, download, display, and reproduce your Data to provide services pursuant to this Agreement. Additionally, you agree that Tyler may use deidentified Data for Client or third-party demonstrative or training purposes.
 - 3.3. Our access to and use of your Data necessary to use the Tyler Software or SaaS Services will comply with applicable provisions of our Privacy Statement (available at <https://www.tylertech.com/privacy>) and applicable law.
 - 3.4. Data Breach Notification. Tyler will provide notice of a breach of Client Data in accordance with applicable state and federal data breach notification laws.
4. Restrictions.
 - 4.1. You may not:
 - 4.1.1. make the Tyler Software or Documentation resulting from the SaaS Services available in any manner to any third party for use in the third party's business operations;
 - 4.1.2. modify, make derivative works of, disassemble, reverse compile, or reverse engineer any part of the SaaS Services;
 - 4.1.3. access or use the SaaS Services to build or support, and/or assist a third party in building or supporting, products or services competitive to us; or
 - 4.1.4. license, sell, rent, lease, transfer, assign, distribute, display, host, outsource, disclose, permit timesharing or service bureau use, or otherwise commercially exploit or make the SaaS Services, Tyler Software, or Documentation available to any third party other than as expressly permitted by this Agreement.
 - 4.1.5. Notwithstanding anything to the contrary in this Section 4.1, you may disclose, with our written consent, not to be unreasonably withheld, the Tyler Software, SaaS Services, or

Documentation to a third party you consult with regarding the implementation or use of the Tyler Software and SaaS Services. You must ensure that any such third-party's use is subject to the terms of this Agreement, and you acknowledge and agree that you are liable for any breach of the terms of this Agreement by such third party.

5. Software Warranty. We warrant that the Tyler Software will perform without Defects during the term of this Agreement. If the Tyler Software does not perform as warranted, we will use all reasonable efforts, consistent with industry standards, to cure the Defect in accordance with our then-current Support Call Process.
6. SaaS Services.
 - 6.1. *Audit & Compliance.* Our SaaS Services are audited at least yearly in accordance with the AICPA's Statement on Standards for Attestation Engagements ("SSAE") No. 21. We have attained, and will maintain, SOC 1 and SOC 2 compliance, or their equivalent, for so long as you are timely paying for SaaS Services. The foregoing notwithstanding, you acknowledge that the scope of audit coverage varies depending on the specific Tyler Software solution. We will provide you with a summary of our current compliance report(s) or its equivalent, upon your request. For the avoidance of doubt, if our SaaS Services are provided using a third-party data center, the compliance report may be for that third-party provider and be subject to confidential treatment in accordance with applicable law. If you want us to provide our compliance reports to a third-party auditor or similar entity, we reserve the right to require execution of an NDA by that third party.
 - 6.2. *Service Levels.* The Tyler Software will be made available to you according to the terms of the SLA. Tyler SaaS Services will be provided via a third-party data center. Your Data will be inaccessible to our other customers.
 - 6.3. *Business Continuity.* Data centers used to deliver SaaS Services for this Agreement have redundant telecommunications access, electrical power, and the required hardware to provide access to the SaaS Services in the event of a disaster or component failure. We test our disaster recovery plan on an annual basis. The plan is not client specific and is detailed in Tyler's System & Organization Control reports or their equivalent. In the event of a data center failure, we reserve the right to employ our disaster recovery plan for resumption of the SaaS Services. In that event, we commit to a Recovery Point Objective ("RPO") of 24 hours and a Recovery Time Objective ("RTO") of 24 hours. RPO represents the maximum duration of time between the most recent recoverable copy of your hosted Data and subsequent data center failure. RTO represents the maximum duration of time following data center failure within which your access to the Tyler Software must be restored. If we employ our disaster recovery plan, we will be responsible for restoring your Data and ensuring that the SaaS Services are online, and you will be responsible for validating your Data and confirming the functioning of the SaaS Services, including any integrations.
 - 6.4. *Security Measures.* We provide secure Data transmission paths between your devices and the data center used to provide SaaS Services to you. Data centers used to provide SaaS Services are accessible only by authorized personnel with a unique key entry or comparable security. We conduct annual penetration testing of either the production network and/or web application to be performed. We will maintain industry standard intrusion detection and prevention systems to monitor malicious activity in the network and to log and block any such activity. You may not attempt to bypass or subvert security restrictions in the SaaS Services or environments related to the Tyler Software. Unauthorized attempts to access files, passwords,

or other confidential information, and vulnerability and penetration test scanning of our network and systems (hosted or otherwise) are prohibited. Where applicable with respect to our applications that take or process card payment data, we comply with applicable requirements of PCI DSS. We agree to supply the then-current status of our PCI DSS compliance program in the form of an official Attestation of Compliance, which can be found at <https://www.tylertech.com/about-us/compliance> and, in the event of any change in our status, we will comply with applicable notice requirements.

SECTION C – PROFESSIONAL SERVICES

1. Professional Services. We will provide you the various implementation-related services itemized in the Investment Summary and if applicable.
2. Professional Services Fees. You agree to pay us the services fees in the amounts set forth in the Investment Summary. You acknowledge that the fees stated in the Investment Summary, unless expressly stated otherwise, are good-faith estimates of the amount of time and materials required for your implementation. We will bill you the actual fees incurred based on the in-scope services provided to you. Any discrepancies in the total values set forth in the Investment Summary will be resolved by multiplying the applicable rate by the quoted units.
3. Additional Services. The Investment Summary contains the scope of services and related costs (including programming and/or interface estimates) required for the project based on our understanding of the specifications you supplied. If additional work is required, or if you use or request additional services, we will provide you with an addendum or change order, as applicable, outlining the costs for the additional work. The price quotes in the addendum or change order will be valid for thirty (30) days from the date of the quote.
4. Cancellation. If you cancel services less than four (4) weeks in advance (other than for Force Majeure or breach by us), you will be liable for all (i) daily fees associated with cancelled professional services if we are unable to reassign our personnel and (ii) any non-refundable travel expenses already incurred by us on your behalf. We will make all reasonable efforts to reassign personnel in the event you cancel within four (4) weeks of scheduled commitments.
5. Services Warranty. We will perform services in a professional, workmanlike manner, consistent with industry standards. In the event we provide services that do not conform to this warranty, we will re-perform such services at no additional cost to you.
6. Site Access and Requirements. At no cost to us, you agree to provide us with reasonable access to your personnel, facilities, and equipment as may be reasonably necessary for us to provide implementation services, subject to any reasonable security protocols or other written policies provided to us as of the Effective Date, and thereafter as mutually agreed to by you and us.
7. Background Checks. All of our employees undergo criminal background checks prior to hire. All employees sign our confidentiality agreement and security policies.
8. Client Assistance. You acknowledge that the implementation of the Tyler Software is a cooperative process requiring the time and resources of your personnel. You certify that you will use reasonable

efforts to cooperate with us and make your resources available for the performance of the Agreement in accordance with its terms and the mutually agreed project schedule. Additionally, you agree to use all reasonable efforts to cooperate with and assist us as may be reasonably required to support the efficient execution of the activities required for this Agreement. Accordingly, you will provide notice of any known inability to timely meet a project commitment so that appropriate project adjustments can be made. We will not be liable for failure to meet any project deadlines or milestones when such failure is due to Force Majeure or to the failure by you to comply with the requirements of this paragraph.

9. Maintenance and Support Services.

9.1. For the duration of this Agreement, consistent with the terms set forth in our then-current Support Call Process, we will:

- 9.1.1. perform our maintenance and support obligations in a professional and workmanlike manner, consistent with industry standards, to provide support and resolve Defects in the Tyler Software (subject to any applicable release life cycle policy);
- 9.1.2. provide telephone support during our established support hours as indicated in our then-current Support Call Process;
- 9.1.3. maintain personnel that are sufficiently trained to be familiar with the Tyler Software and Third-Party Software, if any, in order to provide maintenance and support services;
- 9.1.4. provide releases to the Tyler Software (including updates and enhancements) that we make generally available without additional charge to customers with a current SaaS Agreement.

9.2. Your use of Tyler Software or SaaS Services requires that you remain current with supported releases of Tyler Software as indicated in any applicable release lifecycle policy. Our warranty and support commitments are contingent upon you using a supported version of the Tyler Software. Tyler may require you to update to a current version of the Tyler Software to address a critical issue (for example, to address an identified security vulnerability in the Tyler Software or a third-party component). Tyler will use commercially reasonable efforts to (i) minimize the number of such instances and (ii) provide as much advance notice as possible.

9.3. We will use all reasonable efforts to perform support services remotely. We reserve the right to use secure third-party connectivity tools to deliver maintenance and support services. We also reserve the right to collect Tyler Software or SaaS Services telemetry for product evaluation, quality assurance, and security monitoring and enhancement purposes. You agree to reasonably cooperate with us in providing access to your environments and Data for the purposes of providing maintenance and support services and acknowledge that our warranty, support, and service level obligations under this Agreement are contingent upon receiving reasonable access to your Data and systems.

9.4. For the avoidance of doubt, SaaS Fees do not include the following services: (a) onsite support; (b) application design; (c) other consulting services; or (d) telephone support outside our normal business hours as listed in our then-current Support Call Process.

2. Third-Party Software. Your rights under this Agreement may include rights to certain Third-Party Software. We certify that we have acquired the right to provide the Third-Party Software to you. Your rights to the Third-Party Software will be governed by the Third-Party Terms and, in the absence of such terms, this Agreement.
3. Third Party Products Warranties.
 - 3.1 We are authorized by each Developer or its authorized reseller to sell or grant access, as applicable, to the Third-Party Products.
 - 3.2 Unless otherwise expressly indicated, Third-Party Hardware will be new and unused. You will receive free and clear title to the Third-Party Hardware you purchase upon your payment in full of the purchase price.
 - 3.3 You acknowledge that we are not the manufacturer of Third-Party Products. We do not warrant or guarantee the performance of the Third-Party Products. However, we grant and pass through to you any warranty that we may receive from the Developer or supplier of the Third-Party Products.
4. Third-Party Services. If you have purchased Third-Party Services, those services will be provided independently of Tyler by such third party at the rates set forth in the Investment Summary and in accordance with Exhibit B.

SECTION E – TERM AND TERMINATION

1. Term. The initial term of this Agreement is equal to the number of years indicated for SaaS Services in Exhibit A or one (1) year if no duration is indicated. The initial term commences on the first day of the first month following connectivity to the software. Upon expiration of the initial term, this Agreement will renew automatically for additional one (1) year renewal terms at our then-current SaaS Fees unless terminated in writing by either party at least sixty (60) days prior to the end of the then-current renewal term. The foregoing notwithstanding, the initial term for Tyler Drive SaaS commences upon availability of the applicable SaaS Services.  - 2.2. *For Cause.* If you believe we have materially breached this Agreement, you will invoke the Dispute Resolution clause set forth in Section G(2). You may terminate this Agreement for cause after following the procedures set forth in Section G(2).
 - 2.3. *Force Majeure.* Either party has the right to terminate this Agreement if a Force Majeure event suspends performance of the SaaS Services for a period of forty-five (45) days or more.

- 2.4. *Lack of Appropriations.* If you should not appropriate or otherwise make available funds sufficient to utilize the SaaS Services, you may unilaterally terminate this Agreement upon thirty (30) days written notice to us. You will not be entitled to a refund or offset of previously paid, but unused SaaS Fees. You agree not to use termination for lack of appropriations as a substitute for termination for convenience.

SECTION F – INDEMNIFICATION, LIMITATION OF LIABILITY AND INSURANCE

1. Intellectual Property Infringement Indemnification.

- 1.1. We will defend you against any third-party claim(s) that the Tyler Software or Documentation infringes that third-party's patent, copyright, or trademark, or misappropriates its trade secrets, and will pay the amount of any resulting adverse final judgment (or settlement to which we consent). 8. Force Majeure. Except for your payment obligations, neither party will be liable for delays in performing its obligations under this Agreement to the extent that the delay is caused by Force Majeure; provided, however, that within ten (10) business days of the Force Majeure event, the party whose performance is delayed provides the other party with written notice explaining the cause and extent thereof, as well as a request for a reasonable time extension equal to the estimated duration of the Force Majeure event.

12. No Waiver. In the event that the terms and conditions of this Agreement are not strictly enforced by either party, such non-enforcement will not act as or be deemed to act as a waiver or modification of this Agreement, nor will such non-enforcement prevent such party from enforcing each and every term of this Agreement thereafter.
13. Independent Contractor. We are an independent contractor for all purposes under this Agreement.
14. Notices. All notices or communications required or permitted as a part of this Agreement, such as notice of an alleged material breach for a termination for cause or a dispute that must be submitted to dispute resolution, must be in writing and will be deemed delivered upon the earlier of the following: (i) actual receipt by the receiving party; or (ii) five (5) days following deposit with registered or certified mail with proper postage affixed and addressed to the other party at the address set forth in this Agreement or such other address as the party may have designated by

Both parties recognize that their respective employees and agents, in the course of performance of this Agreement, may be exposed to confidential information and that disclosure of such information could violate rights to private individuals and entities, including the parties. SERVICE LEVEL AGREEMENT

I. Agreement Overview

This SLA operates in conjunction with, and does not supersede or replace any part of, the Agreement. It outlines the information technology service levels related to the availability of the Tyler SaaS Services that you have requested us to provide. All other support services are documented in the Support Call Process. This SLA does not apply to any Third-Party SaaS Services.

II. Definitions. Except as defined below, all defined terms have the meaning set forth in the Agreement.

Actual Attainment: The percentage of time the Tyler Software is available during a calendar month, calculated as follows: $(\text{Service Availability} - \text{Downtime}) \div \text{Service Availability}$.

Client Error Incident: Any service unavailability resulting from your applications, content or equipment, or the acts or omissions of any of your service users or third-party providers over whom we exercise no control.

Downtime: Those minutes during Service Availability, as defined below, when all users cannot launch, login, search or save primary data in the Tyler Software. Downtime does not include those instances in which only a Defect is present.

Emergency Maintenance Window: (1) maintenance that is required to patch a critical security vulnerability; (2) maintenance that is required to prevent an imminent outage of Service Availability; or (3) maintenance that is mutually agreed upon in writing by Tyler and the Client.

Planned Downtime: Downtime that occurs during a Standard or Emergency Maintenance window.

Service Availability: The total number of minutes in a calendar month that the Tyler Software is capable of receiving, processing, and responding to requests, excluding Planned Downtime, Client Error Incidents, denial of service attacks and Force Majeure. Service Availability only applies to Tyler Software being used in the production environment.

Standard Maintenance: Routine maintenance to the Tyler Software and infrastructure. Standard Maintenance is limited to five (5) hours per week.

III. **Service Availability**

a. Your Responsibilities

Whenever you experience Downtime, you must make a support call according to the procedures outlined in the Support Call Process. You will receive a support case number.

b. Our Responsibilities

When our support team receives a call from you that Downtime has occurred or is occurring, we will work with you to identify the cause of the Downtime (including whether it may be the result of Planned Downtime, a Client Error Incident, denial of service attack or Force Majeure). We will also work with you to resume normal operations.

c. Client Relief

Our targeted Attainment Goal is 100%. You may be entitled to credits as indicated in the Client Relief Schedule found below. Your relief credit is calculated as a percentage of the SaaS Fees paid for the calendar month.

In order to receive relief credits, you must submit a request through one of the channels listed in our Support Call Process within fifteen (15) days of the end of the applicable month. We will respond to your relief request within thirty (30) days of receipt.

The total credits confirmed by us will be applied to the SaaS Fee for the next billing cycle. Issuing of such credit does not relieve us of our obligations under the Agreement to correct the problem which created the service interruption.

Credits are only payable when Actual Attainment results in eligibility for credits in consecutive months and only for such consecutive months.

Client Relief Schedule	
Actual Attainment	Client Relief
99.99% - 98.00%	Remedial action will be taken
97.99% - 95.00%	4%
Below 95.00%	5%

IV. Maintenance Notifications

We perform Standard Maintenance during limited windows that are historically known to be reliably low-traffic times. If and when maintenance is predicted to occur during periods of higher traffic, we will provide advance notice of those windows and will coordinate to the greatest extent possible with you.

Not all maintenance activities will cause application unavailability. However, if Tyler anticipates that activities during a Standard or Emergency Maintenance window may make the Tyler Software unavailable, we will provide advance notice, as reasonably practicable, that the Tyler Software will be unavailable during the maintenance window.

A built-in Answer Panel provides users with resolutions to most “how-to” and configuration-based questions through a simplified search interface with machine learning, potentially eliminating the need to submit the support case.
- (2) Email – for less urgent situations, users may submit emails directly to the software support group.
- (3) Chat – for less urgent and less complex questions, users may use the chat link to connect to software support
- (4) Telephone – for urgent or complex questions, users receive toll-free, telephone software support.

** Channel availability may be limited for certain applications.*

Support Resources

A number of additional resources are available to provide a comprehensive and complete support experience:

- (1) Tyler Website – www.tylertech.com – for accessing client tools, documentation, and other information including support contact information.
- (2) Tyler Search -a knowledge based search engine that lets you search multiple sources simultaneously to find the answers you need, 24x7.
- (3) Tyler Community –provides a venue for all Tyler clients with current maintenance agreements to collaborate with one another, share best practices and resources, and access documentation.
- (4) Tyler University – online training courses on Tyler products.

Support Availability

Tyler Technologies support is available from 6:30 AM Eastern to 8:00 PM Eastern (Monday – Friday) and Saturdays in August from 9:00 AM Eastern to 3:00 PM Eastern. Tyler’s holiday schedule is outlined below. There will be no support coverage on these days.

New Year’s Day	Labor Day
Martin Luther King, Jr. Day	Thanksgiving Day
Memorial Day	Day after Thanksgiving
Independence Day	Christmas Day

For support teams that provide after-hours service, we will provide you with procedures for contacting support staff after normal business hours for reporting Priority Level 1 Defects only. Upon receipt of such a Defect notification, we will use commercially reasonable efforts to meet the resolution targets set forth below.

We will also make commercially reasonable efforts to be available for one pre-scheduled Saturday of each month to assist your IT staff with applying patches and release upgrades, as well as consulting with them on server maintenance and configuration of the Tyler Software environment.

Incident Handling

Incident Tracking

Every support incident is logged into Tyler's Customer Relationship Management System and given a unique case number. This system tracks the history of each incident. The case number is used to track and reference open issues when clients contact support. Clients may track incidents, using the case number, through Tyler's Customer Portal or by calling software support directly.

Incident Priority

Each incident is assigned a priority level, which corresponds to the Client's needs. Tyler and the Client will reasonably set the priority of the incident per the chart below. This chart is not intended to address every type of support incident, and certain "characteristics" may or may not apply depending on whether the Tyler software has been deployed on customer infrastructure or the Tyler cloud. The goal is to help guide the Client towards clearly understanding and communicating the importance of the issue and to describe generally expected response and resolution targets in the production environment only.

References to a "confirmed support incident" mean that Tyler and the Client have successfully validated the reported Defect/support incident.

Priority Level	Characteristics of Support Incident	Resolution Targets*
1 Critical	Support incident that causes (a) complete application failure or application unavailability; (b) application failure or unavailability in one or more of the client's remote locations; or (c) systemic loss of multiple essential system functions.	Tyler shall provide an initial response to Priority Level 1 incidents within one (1) business hour of receipt of the incident. Once the incident has been confirmed, Tyler shall use commercially reasonable efforts to resolve such support incidents or provide a circumvention procedure within one (1) business day. For non-hosted customers, Tyler's responsibility for lost or corrupted data is limited to assisting the Client in restoring its last available database.

Priority Level	Characteristics of Support Incident	Resolution Targets*
2 High	Support incident that causes (a) repeated, consistent failure of essential functionality affecting more than one user or (b) loss or corruption of data.	Tyler shall provide an initial response to Priority Level 2 incidents within four (4) business hours of receipt of the incident. Once the incident has been confirmed, Tyler shall use commercially reasonable efforts to resolve such support incidents or provide a circumvention procedure within ten (10) business days. For non-hosted customers, Tyler's responsibility for loss or corrupted data is limited to assisting the Client in restoring its last available database.
3 Medium	Priority Level 1 incident with an existing circumvention procedure, or a Priority Level 2 incident that affects only one user or for which there is an existing circumvention procedure.	Tyler shall provide an initial response to Priority Level 3 incidents within one (1) business day of receipt of the incident. Once the incident has been confirmed, Tyler shall use commercially reasonable efforts to resolve such support incidents without the need for a circumvention procedure with the next published maintenance update or service pack, which shall occur at least quarterly. For non-hosted customers, Tyler's responsibility for lost or corrupted data is limited to assisting the Client in restoring its last available database.
4 Non-critical	Support incident that causes failure of non-essential functionality or a cosmetic or other issue that does not qualify as any other Priority Level.	Tyler shall provide an initial response to Priority Level 4 incidents within two (2) business days of receipt of the incident. Once the incident has been confirmed, Tyler shall use commercially reasonable efforts to resolve such support incidents, as well as cosmetic issues, with a future version release.

**Response and Resolution Targets may differ by product or business need*

Incident Escalation

If Tyler is unable to resolve any priority level 1 or 2 defect as listed above or the priority of an issue has elevated since initiation, you may escalate the incident to the appropriate resource, as outlined by each product support team. The corresponding resource will meet with you and any Tyler staff to establish a mutually agreeable plan for addressing the defect.

Remote Support Tool

Some support calls may require further analysis of the Client's database, processes or setup to diagnose a problem or to assist with a question. Tyler will, at its discretion, use an industry-standard remote support tool. Tyler's support team must have the ability to quickly connect to the Client's system and view the site's setup, diagnose problems, or assist with screen navigation. More information about the remote support tool Tyler uses is available upon request.

Exhibit D

Tyler Student Transportation Work Responsibilities

Mapping

- Migrations with Full Implementations: Tyler will provide Client access in Tyler's data center to a digitized map in Tyler Student Transportation (powered by Traversa) covering the area of the district, and essential roadways outside of the district commonly traveled for in-district students. Client will supply contact information for local GIS agency if available.
- Migrations with Tyler Migration Tool ("TMT") Implementations: Tyler will provide Client Access in Tyler's data center to a digitized map which was exported from the District's Routing & Planning map at the beginning of the Implementation process. The Tyler Student Transportation (powered by Traversa) map will be the same map as provided by the Client. (Please note: Any changes made to the Versatrans Routing & Planning database after the final import into Tyler Student Transportation will not be updated in Tyler Student Transportation by Tyler and will require manual entry by the district staff.)

Student File Preparation

- Migrations with Full Implementations: Tyler will train Client on the ASCII file layout as needed by the Client. During the import process, the student data will pass through a location process in the software.
- Migrations with TMT Implementations: The student file in the client's Routing & Planning data will come into Tyler Student Transportation during the migration process. Tyler will train the Client during Implementation to set up a student import template. Tyler will train the Client on the import process and perform an import with an updated student file.

Editorial Responsibilities

Tyler may periodically require Client to review district data. The timely and accurate review of this data is critical. Client will cause its employees or agents to perform the editing functions timely, accurately and to the best of their ability, and will notify Tyler when corrections are final. The information and data approved following the periodic review stages are the sole responsibility of Client. Alterations later requested or necessary which could have been made as part of this editing process are available in accordance with Section C (3) of this Agreement. Tyler shall not be responsible for any failure to meet a written production schedule to the extent such failure is due, in whole or in part, to Client's failure to perform its work responsibilities timely and accurately.

Training

During the course of the implementation, Tyler will provide training in the use of the Tyler Software Products (the "Training"). Up to five (5) Client employees may attend the Training. Implementation Training is

delivered on-line on weekdays unless the parties agree to other arrangements. Should on-site Training be requested, travel expenses will be charged at actual cost, as incurred, in accordance with our then-current Business Travel Policy (available upon request). It is understood that the effectiveness of Training depends upon continuous attendance by all trainees, minimum interruptions, and the availability of one or more Client computers connected to Tyler's data center.

Training does not include installation services such as disk formatting, installing operating systems, installing hardware, installing non-Tyler software, equipment repairs or adjustment, or training in the use of Windows, local area networks, peer-to-peer networks, or communications software. Such services must be performed internally or obtained from third parties
