Re: Review of Bid Results for Emerson Boiler Room Drainage Improvement

We have issued a bid request for improvements of drainage in Emerson Middle School's Boiler Room. We have received the bids for the trade work and these have been reviewed by the construction manager, George W. Auch Company. We are recommending the low bids for each trade. Auch's recommendation including the bid tabulation and budget are attached for review. The total budget of \$97,500 is within the parameters we estimate of \$102,932.

We would like to discuss the Emerson Middle School Boiler Room Drainage Improvement bid results at the Building and Site Committee meeting on Monday, April 7, 2014. Please contact me if you have any questions. Thank you.
