

**Adult Meal Calculator Worksheet**

**SY 25-26 Breakfast Price:**

**3.3**

**SY 25-26 Lunch Price:**

**5.00**

This worksheet provides the information needed to calculate adult meal prices using both approved methods. Choose the method of calculation (see the *Administrator's Reference Manual (ARM), Section 19, Meal Pricing* for additional information on which method to use). If the rate applies, record the rate in the *Amount CE Receives* cell. If using Method 1, record the local student paid charge in the designated *Local Student Paid Charge* cell. If using Excel, this worksheet will automatically calculate the amounts in the *Minimum Adult Charge* and *Total Federal Funds* cells. All amounts are carried to 4 digits and must be rounded up when determining the adult meal price. **Non-pricing programs must always use Method 2.** TDA posts the current reimbursement rates at *SquareMeals.org*.

Use the applicable rates for the school year when the adult meal prices will apply.

<b>Method 1 Lunch</b>	
Federal Funds/Reimbursement Rate	
Paid Reimbursement Rate <i>SY 24/25: \$0.42</i>	
Performance-Based Rate <i>SY 24/25: \$0.09</i>
