

Paragraph for Board Memo:

J. Ward, Geneva, requested the following records via email:

“1. Aside from the Superintendent himself, the names, positions, salaries, start dates, end dates (if applicable) of any member of the Mutchler family currently or formerly employed by D304.

2. The job posting, number of applicants, and number of interviews for each of those positions - within the bounds of reason - I understand that things like that fade with time.

3. Then I'd like the same information in points 1 and 2 for anyone related to Mr. Mutchler, but who is not an immediate family member.”

This FOIA request was received July 14, 2015, and responded to on July 16, 2015. It took three District employees a total of three hours (\$112.95) to respond to this FOIA request.
