

**6. MONITORING REPORT – Lab-Aids Middle School Science Program**

**A. SUBJECT**

This item is included on the agenda so the Board of Education can be updated on the implementation of the Lab-Aids Middle School Science Program.

**B. INFORMATION**

During the 2025-2026 school year, District 200 implemented the Lab-Aids Middle School Science program. This curriculum has provided increased hands-on learning opportunities through scientific inquiry while balancing rigor and accessibility for all students.

Tonight, Assistant Superintendent Dr. Justin Smith and Creekside Middle School 6th grade science teacher Mrs. Kristi Wold will provide the Board of Education with an update on program implementation and progress.

This is an informational report. No Board action is required.
