

Technology Department Report

September 19, 2016

Teacher Laptops

- All of the certified staff now have a Macintosh Laptop assigned to them.

Minico Laptops

- About 175 of the Minico 9th grade laptops were handed out during Minico's open house. Other dates for Minico 9th grade students to pick up their laptops were:
 - Tues., Sept.6, 7:30-8:30 AM
 - Wed., Sept.7, 12:00-1:30 PM
 - Wed., Sept.7, 3:00-4:30 PM
 - Thurs.,Sept.8, 7:30-8:30 AM

Online Registration

- We are working on a new student registration form that will allow a brand new student to fill out all the necessary paper work online without the need to come to the school. This should be completed in October.

Food Service

- Students are synced with Powerschool every day to keep active and inactive students correct in their serving lines and reports. This is working out very well.

Rupert Elementary Modular Units

- The modular units at Rupert Elementary were ready with WiFi and Phones before the first day of school.

Acequia Elementary Server

- The Acequia Elementary server had a serious hardware failure the week before registration that required all their data and printing servers to be restored from scratch. They were running within a couple days after the failure by restoring data to the repaired server.

Work Orders
