

## **BUILDINGS/GROUNDS & TRANSPORTATION REPORT**

**Date:** Oct 21, 2019  
**To:** Board of Education  
**From:** Jeff Stauder

### **BUILDINGS/GROUNDS**

#### **Facilities Committee**

The Facilities Committee did not meet. Next meeting TBD.

#### **Annual Safety Hazard Resolution**

Each year the district must approve the Safety-Hazard Resolution. This resolution is to confirm that our school district still has transportation hazards that exist for our students; those hazards being highways and railroad crossings. This will require board action.

#### **High School Chiller**

I am still in the process of figuring out what is the best way to fix it. It appears at this point, that replacing the 4 compressors is our best option; however we still have time to look at other options.

#### **Jr. High Sewer**

The Jr. High sewer project is to start Monday the 21<sup>st</sup>. I am going to try to correct the problem without digging up the road. If this works we could possibly save up to \$11,000.

#### **Jr. High Doors**

The doors will be here on the 29<sup>th</sup> of this month, and the plan is to have them all installed in 2-3 weeks.

#### **Jr. High Custodian**

The custodian position has been filled by Dawn Dean. She will be working 3-11 for us and is anxious to get started.

#### **HLS Inspections**

The ROE and the Fire Marshals will be here on the 31<sup>st</sup> of this month to visit the schools. As soon as I get the reports I will make the Board aware of them.

## **Transportation**

### **Tower Hill Bus Stop**

On the 28<sup>th</sup> of this month we will be moving our pick up and drop off spot at Tower Hill from our current location, south to the gym parking lot.

### **New Employee**

Roy Billiter is one of our new sub bus aides and sub custodian. Roy will be a good fit in these positions and he also has his LPN license which could come in useful on the buses.
