Natalie,

Please put this request on the School Board meeting agenda.

Effective January 1, 2026, Minnesota's minimum-wage rate was adjusted for inflation to \$11.41 an hour.

MACE currently compensates non high school diploma employees at \$11.50 per hour.

At MACE, we recommend paying our non high school diploma employees \$12.00 per hour, starting on January 1, 2026.

If a part time employee has a high school diploma, the minimum rate is \$15 per hour. No changes will take place in this category.

Positively,  
Tony Reimers
