Food Selections: Updated breakfast and lunch prices

Breakfast went up to \$1.95 for students and \$2.15 for adults

Bus Policies:

Students are provided district area bus service to school and back home at the end of the student's regularly scheduled school day. Riding the bus is a privilege, not a right and failure to follow the rules will mean loss of bus riding privileges. There are no extra curricular after-school buses available to the students. It is the expectation that all students will ride the bus that has been assigned for him or her. It is district policy that students may not ride to school or home on another student's bus, unless approved by a program staff for an emergency situation. Should students require transportation after the end-of-day school transportation has departed, they may wish to consider utilizing the community bus service, if it transports to the area desired.

ACT Testing and Registration:

The ACT plus writing test will be available to take, free of charge, by any interested BHS juniors and seniors on April 19th at BHS.
