

Trustee Request

Today's Date: September 22, 2023
Trustee Tracker Item #: 0923-010
Requesting Trustee: James (JD) Durham
Department: Superintendent
Responder: Shon Joseph, Executive Director of Operations & Student Support Services

Trustee Request/Questions:

For Large Commercial Equipment. What will be the disposition of the existing functioning equipment from all of the schools? Will that equipment be sold, auctioned, and/or salvaged? If any funds are incurred from the disposition of that equipment, please identify the process and/or system for the District to receive those funds.

Response:

Child Nutrition follows the guidelines provided by the Texas Department of Agriculture in the Administrator's Reference Manual (ARM) – Section 16. ARM. No one from the child nutrition department is authorized to dispose of the equipment from the large kitchen equipment RFP. The items being replaced were purchased with federal funds and subject to federal regulations for disposal. The items being replaced will be stored in the child nutrition warehouse and utilized for replacement parts as needed. We will work with Aramark to ensure compliance with federal regulations for any items that must be disposed.
