Security Services

Description	Price	Qty	Ext. Price
TCLB-001 Tech Check Professional Services	\$3,362.50	1	\$3,362.50

Tech Check will partner with our trusted cabling and installation partner, AVSG, to install five (5) new Halo vape sensors throughout the district:

- Two sensors in two different sets of bathrooms (total of 4)
- One sensor in the nurse's office bathroom (total of 1)

We're not certain whether your existing sensors are currently utilizing the Halo Cloud platform, which provides a centralized, single-pane-of-glass view for management and monitoring. I've included an optional one-year cloud license for the five new sensors - this is not required.

If you'd like to add these or your existing sensors to the Halo Cloud, please let me know the total number of sensors, and I can revise the quantity accordingly. Licenses are available in one-, three-, or five-year terms.

Setup time for the cloud configuration is included in the quoted professional services, but can be removed if you choose not to proceed with the cloud option.

Subtotal: **\$3,362.50**
