4K Registration Day

We had 4K registration day Feb. 28th. The turnout was very good. We had 32 4K students attend. We plan to continue to offer this day because it was a positive experience as we were able to connect to these families in a more personal way.

Parent Teacher Conference Attendance

Parent Teacher Conference attendance for Feb. 2020 was 92% which is a slight drop from November's Parent Teacher Conference attendance which was 96%. We had a lot illness in the school during the month of February so this is some of why the count was down for conferences. However, this was a good percentage and up from last spring's attendance of 83%.
