District 97 Vision and Goals

Create a positive learning environment for all District 97 students that is equitable, inclusive and focused on the whole child.

1. Align District 97 systems, structures and processes to reflect our stated value of educating the whole child (e.g., we act in ways that reflect our understanding of Supporting the successful development of each and every student).
2. Establish a comprehensive system of support for all District 97 staff.

Over the upcoming years (2017-2022), we will share our collective expertise to help every D97 student experience or achieve the following goals:

- *Known, nurtured, and celebrated LEARNER* (every student feels a sense of belonging and are meaningfully engaged in rigorous learning – with their unique needs being met and their strengths leveraged)
- *Empowered and passionate Scholar* (every student is inspired to develop their full potential – academic, physical, artistic, and emotional – in order to cultivate high-intellectual performance)
- *Confident and persistent ACHIEVER* (every student has access and opportunity to learn at high levels, eliminating the predictability of learning outcomes associated with race, gender, and socioeconomic status)
