

# **BUILDINGS/GROUNDS & TRANSPORTATION REPORT**

**Date:** August 21, 2017  
**To:** Board of Education  
**From:** Lori Ade

## **BUILDINGS/GROUNDS**

### **Facilities Committee**

The Facilities Committee did not meet in August. The next meeting is scheduled for 5:30 p.m., Wednesday, September 20, 2017 at Lincoln Elementary School.

### **Summer Projects**

- **Sr. High**
  - Exterior painting is 100% complete at the Sr. High.
  
- **Jr. High**
  - The exterior painting is 100 % complete at the Jr. High.
  - There are trim/metal areas that were not included in the original bid on the exterior Jr. High painting. Due to budget constraints, we may want to wait until next summer to tackle this additional work. I did not know the trim/metal areas were not included in the original bid since everything went through GRP.
  
- **Lincoln School**
  - All work 100% complete.
  
- **Washington School**
  - All work is 100% complete.

### **High School Track**

As reported at the last board meeting, our plan is to have Athletic Field Services here in Pana late fall to make the necessary repairs. After winter, if they need to come back to make other repairs prior to track season starting, they will do so. The total cost for these repairs is estimated to be under \$2,000.

### **Water/Lead Testing**

Due to State regulations implemented, water/lead testing must be completed during a normal active day in the buildings, so the summer readings that Courtice-Grason did in early summer will not be able to be used for the lead testing. Courtice will take the samplings again and not charge the district for those second samples taken. This was a new requirement that came out after the first readings were taken.

## **TRANSPORTATION**

### **Leased Wheelchair Bus**

The 2016 wheelchair bus arrived August 3<sup>rd</sup>.
