

DUNCANVILLE ISD

Writing success stories, one student at a time.

Regular Board Meeting

December 15, 2025

AGENDA SECTION: Information Item

SUBJECT: 2025 Demographic Report

BOARD POLICY: CE and CN (LOCAL)

STRATEGIC GOAL(S): 1,2,3 and 4

FISCAL NOTE: None

PREPARED/PRESENTED BY: Tellauance L. Graham, Chief of Staff

Background Information

Duncanville ISD has partnered with Zonda Demographics (formerly Templeton Demographics) for more than five years to provide critical data that supports districtwide planning and long-term decision-making. The 2025 Demographic Report delivers an updated and comprehensive analysis of population trends, housing activity, student enrollment shifts, and projected student movement across all campuses.

The scope of services provided by Zonda includes:

- GIS Mapping & Boundary Analysis
- Housing Research and Development Activity Trends
- Short- and Long-Term Enrollment Forecasts
- Facility Planning Support
- Student Mobility and Attendance Zone Analysis

These data points are foundational to Duncanville ISD's strategic work in instructional planning, staffing, school capacity management, attendance zoning, and long-range facility design, all of which directly support Strategic Goals 1–4. The 2025 report reflects updated regional growth patterns, slowing enrollment trends, and mobility patterns that influence how the district should plan future instructional and facility needs.

Recommendation

No action is required

Communication Deployment

Upon board review, key findings from the 2025 Demographic Report will be integrated into:

- Ongoing strategic planning discussions
- Enrollment and staffing projections for the 2026–2027 school year
- District facility planning and long-range capital considerations
- Community presentations and campus-level planning sessions
