## DEVELOPMENT AND APPROVAL OF HANDBOOKS

PO1230.01

Handbooks stating current rules and regulations shall be prepared for school personnel, students and parents for use in the schools. These handbooks shall govern the conduct of students and personnel and contain such rules and regulations as shall be needed or required. These handbooks are not all-inclusive in their delineation of work roles; conduct rules, or other regulations. Copies of the handbooks shall be approved prior to the opening of school by the Board of Education.

Though written by the administrative staff, material of this nature shall be considered an extension of Board policy and shall be adhered to as such. Additions or deletions, which may be necessary, shall remain in force until acted upon at the next meeting of the Board.

The content of this handbook has been adopted by the Board of Education and is presented as a matter of information. Material included in this handbook is considered an extension of the school board policy. The school district reserves the rights to modify, revoke, suspend, terminate or change any of all such plans, policies, and procedures in whole or in part, at any time with or without notice

## ARRIVAL AT SCHOOL

The school day begins at 8:15 a.m. and ends at 3:14 p.m. Children should not arrive at school before 7:45 a.m. Students arriving before this time are not supervised. Students are considered tardy if they arrive at school after 8:15 a.m. Students arriving after 8:15 a.m. should report to the elementary office prior to going to his/her classroom and they will be admitted by the office personnel. If your child is late in coming to school, please send a note stating the reason why. If we do not receive a note, the tardy will be coded "unexcused". Students that arrive at school after 10:30 a.m. will be considered absent for half a day.

The Cameron Elementary School daily schedule will be based on a period system. There will be eight periods in a day. This will not change how staff and students conduct their daily learning. This is only kept track of by arrival to school and leaving school early. Eight periods equals a full day of school. A student missing any of one or more periods will be considered absent for those periods. This will be added to a student's total accumulation of days absent from school.

## ASSIGNMENT BOOK/HOME/SCHOOL FOLDERS/COMPUTER HEADPHONES

- > Students in grade 4 will be using Daily Assignment Books. All 4K-4 students will use Home/School Folders. The purpose of using the assignment books and folders is to teach organizational skills, encourage responsibility, and promote home/school communication.
- New students will be given their first set of headphones to use with iPads and computers. Use of headphones eliminates noise and distractions. It is the responsibility of the student to pay for replacement head phones if they are broken. Families will be notified if headphones need to be replaced.

#### ABSENCE POLICY

On days that it is necessary for a student to be absent from school, we request that his/her parent call the school on that morning by 8:30 a.m. to indicate the reason that they will not be attending. Voice mail will be available at each building prior to 8:00 a.m. Call (715) 458-4560 and follow the prompts for the elementary school and leave the student's name, teacher, and reason for absence. This telephone call is very helpful to us in keeping our attendance records accurate. It also makes it unnecessary for students to bring a note of explanation upon return to school.

Students are required to sign in/out of the office when they arrive late or leave before the end of the school day. Families bringing a student after school has begun need to walk the student into the office and sign them in. Students are expected to remain in school until dismissal time unless they have an appointment.

#### ACHIEVEMENT TESTING

Students in grades 3 and 4 will take the Wisconsin Forward Exam in the spring of their academic year. The testing by grade level is as follows:

3rd Grade - Math and ELA

4th Grade - Math, ELA, Science, Social Studies

#### **ART**

Art classes are exploratory in nature and cover art concepts, media, history, and appreciation. During class, students are encouraged to make personal choices and have fun while experimenting with a variety of age appropriate materials and techniques. The goal is to develop life skills of visual appreciation and expression. Students are asked to bring an old shirt and wear it for art classes.

#### **ATTENDANCE**

In the Cameron School District we believe that it is in the student's best interest to practice good attendance habits. In doing so, the student will get the most out of his/her educational experience and develop good work habits. Wisconsin State Statute 118. 15 and 118.16 makes school attendance compulsory for students between the ages of six and eighteen. Additionally, state statute allows a student to be excused from school for a total of 10 days without any type of verification.

To encourage regular attendance, families in the Cameron School District will receive attendance notification letters for excused and unexcused absences to keep families aware of their student's attendance record. Additional actions that may occur for students with irregular attendance may include, but not limited to: a request for a doctor's note, intervention with the community outreach worker, and/or a referral to the Department of Health & Human Services, or Barron County for Truancy. Ultimately, the goal of these actions is for the regular attendance of our students so that they may be most successful.

A parent or guardian must call the school office at 715-458-4560 (follow prompts) to explain the absence as early as possible on the day of the absence. This phone service is available 24/7. If you are unable to call, you must bring a note of explanation upon returning. If a student is absent, and no contact is made with the school, the student will be marked 'Unexcused' and this will count toward Truancy.

## **Absences**

- 1) Excused absences (10 day limit per year)
  - (a) Illness The district may request the parent or guardian obtain a physician's statement as proof of the physical or mental condition of the child. Students missing in excess of ten days for illnesses during the year will be required to bring in a doctor's note for every subsequent illness.
  - (b) Death in the immediate family or funerals of close relatives.
  - (c) Emergency medical appointments.
  - (d) Quarantine as imposed by a public health office.
  - (e) An illness in the immediate family, which requires the attendance of the student.

- (f) Emergencies that prevent attendance which are generally defined as an Act of God, or other circumstances beyond the control of the student, which, in the discretion of the superintendent of his designee, prevents school attendance.
- (g) All of these excused absences require parent/guardian verification in writing or by phone in advance of the absence or prior to re-admittance to school. If a note or phone call is not received, the absence will be unexcused.
- (h) Whenever possible the school should be notified of a student's absence prior to the absence occurring. Examples include: Family vacation, College visit, Deer hunting, Appointments

## 2) Pre-excused absences

- (a) Parents or legal guardians must notify the elementary school office, in writing, that their student has permission to be absent.
- (b) The verification must be sent prior to the student being absent from school.
- 3) <u>Unexcused absences</u> Absences that do not meet the criteria of an excused or pre-excused absence. The student who is unexcused will be considered truant and subject to disciplinary action.
  - (a) All absences after the maximum of ten days allowed will be considered unexcused unless there is a medical note excusing their absence.

## **Make Up Work Procedures**

- 1. It is the responsibility of the student/family to contact the teacher(s) to make arrangements for making up work missed during an absence from school.
- 2. Students who miss classes for reasons that are determined to be excused will be given the opportunity, within reasonable limits, to make up for the work they missed.
- 3. Examinations missed during an excused absence will be permitted to be taken at a time mutually agreed upon by the student and the teacher.
- 4. In the case of pre-excused absences, work should be completed before the absence whenever possible.

## BEHAVIOR AT SCHOOL EVENTS

Elementary students often attend athletic events, school programs and concerts outside of the regular school day. Students who choose to attend these events are expected to conduct themselves in an appropriate manner.

## **BICYCLES**

- 1. Bikes that are ridden to school must be parked in the designated area. \*We strongly recommend that students lock up their bikes so no one can take them.
- 2. Students may not ride on or tamper with any bicycles during the school day.
- 3. Bike riders will be dismissed with the walkers.

## \*\*Make these rules your safe riding code\*\*

- 1. Obey all traffic regulations such as red and green lights, stop signs, and hand signals.
- 2. Ride with the flow of traffic on the right side of the road.
- 3. Give pedestrians the right of way.
- 4. Ride in a straight line and as close to the curb as possible.
- 5. Look out for cars at crossings, in pulling out of driveways, and parking places.
- 6. Dismount and walk your bicycle across heavily traveled streets.
- 7. Never ride more than two abreast.
- 8. Keep your bicycle in good condition. Be sure it has good brakes, a rear reflector, and a headlight for your own safety. Once a year have your bicycle checked.

#### **BREAKFAST PROGRAM**

Breakfast is available for elementary students. Students that participate in the breakfast program may arrive at 7:45 a.m. and go directly to the cafeteria.

#### BULLYING

Bullying is the act of intentionally causing harm to others through verbal harassment, physical assault, or other more subtle methods or coercion. Bullying can be direct or indirect. Bullying may be a repeated behavior and involves an imbalance of power. It is the responsibility of all school staff members, students, and concerned individuals who observe or become aware of acts of bullying to report these acts confidentially to a school staff member or administrator. The complaint procedure is available in the principal's office for any student or parent/ guardian wishing to file a complaint. A clear account of the incident will be recorded in writing using this incident report. All bullying procedures will be handled in accordance to Cameron School Board Policy po5517.01.

## Bullying behavior can be:

- Physical: Physical can include hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.

## **BUS RIDER RULES**

Buses are provided as a privilege for riders to and from school. Students are responsible to the bus driver for their conduct while riding the bus. Those who refuse to cooperate will be referred to the principal for disciplinary action. These referrals will be considered serious and action will include contact with the student, driver and parent with possible revocation of riding privileges.

Students who plan to ride a bus other than one assigned to them will need a note from home. This note needs to be brought to the main office. The student will be issued a bus pass to give to the driver.

Because of capacity, students planning parties after school should arrange transportation for their guests other than the school bus.

Students that ride buses are reminded to observe the following courtesies and safety precautions:

- 1. Follow the instructions given by your driver.
- 2. Report injuries and other problems to your driver.
- 3. Leave home early enough to arrive at your bus stop on time.
- 4. If you are walking past other people's property, be respectful and stay out of yards etc.
- 5. Don't run, push, shove etc. while waiting for the bus. Wait for the bus in a safe place off the road.
- 6. Do not approach the bus until it comes to a complete stop.
- 7. Enter the bus in an orderly manner and sit down.
- 8. Do not move from one seat to another. Keep aisles clear at all times.
- 9. Remain seated while the bus is in motion.
- 10. Keep your body inside the bus at all times.
- 11. Keep the aisle clear at all times.
- 12. Remain quiet and orderly. Do not use profanity. Use school appropriate language and volume. Be courteous.

- 13. When exiting the bus, students who must cross the road should wait in front of the bus for the driver to signal that it is safe to cross the road. Students should immediately go away from the bus and into their driveway. Do not go to the mailbox or garbage cans until the bus has left the area.
- 14. Keep the bus free from litter and vandalism.
- 15. Students are not allowed to eat or drink on regular bus routes, this includes gum, candy, and suckers.
- 16. Surveillance on School Buses The Board authorizes the District Administrator to install and operate video and audio surveillance on District buses to enhance student safety and well-being. It is strongly recommended that the District provide notification to parents regarding video and audio on District buses.

## **CLOSED CAMPUS**

We operate a closed campus policy. Students must stay on school grounds from the time they arrive, even if school has not yet started, until dismissal. Students must bring a written parental request to their classroom teacher or office to leave the campus for any reason. The parent/guardian is expected to sign the student out in the main office.

## **CELL PHONES/PHONE WATCHES**

- ➤ Cell phones are discouraged at Cameron Elementary School. If parents/guardians have a reason for their child to have a cell phone at school, they should contact the elementary principal to discuss the situation. Cell phones, or other electronic devices, that are brought to school will be housed in the office during the school day. If a student needs to contact his/her parent/guardian during the school day they must come to the office to use the office phone. Student use of the office phone is for valid reasons only. The use of recording devices are not allowed in bathrooms or locker rooms.
- ➤ Phone watches Students are allowed to wear these watches during school hours. Families will be expected to turn off the phone and message capabilities during school hours. If a family needs to get a message to a student during the school day, they need to contact the school office.

## DISMISSAL FOR APPOINTMENTS

Parents who find it necessary to pick up their child for an appointment or drop them off late in the morning are asked to stop by the office to sign the student in/out of school. If a student needs to be excused for part of the day for an appointment a note should be sent to school with the student for his/her classroom teacher. This helps the classroom teacher know when a child will be leaving. It is not necessary to bring another note upon returning to school, however, the parent/guardian must stop in the office and sign the student back into school and the student will receive an office pass so they can be readmitted to class.

#### SCHOOL DISTRICT OF CAMERON

#### CODE OF STUDENT CONDUCT POLICY

In accordance with Wis. Stats. 118.164 and 120.13 (1) (a) Adopted by the Board of Education: April 1999

#### SUMMARY OF THE POLICY

## **PURPOSE:**

The purpose of the Code of Student Conduct Policy is to define appropriate (above the line) behavior and inappropriate (below the line or bottom line) behavior for students. This policy is based on the School-wide Discipline Program which has been in effect in the schools for the past two years. Further, this policy explains the process whereby inappropriate behavior may result in removal from a class or activity.

Questions pertaining to School-wide Discipline or to the Code of Student Conduct Policy may be directed as follows: Elementary School - Principal Cory Martens; Middle School - Principal Hans Schmidt; High School - Principal Mark Rykal

#### APPLICATION OF THE CODE OF CONDUCT:

The Code of Student Conduct Policy applies to any student enrolled in a school in the Cameron District. Appropriate behavior is expected from all students at all times including while in classrooms, lunchrooms, corridors, on the bus, and while participating in or attending school activities whether those activities are on the school premises or at another location. Appropriate behavior is defined more specifically in the Student Handbooks in each school.

The teacher, coach, bus driver, or supervisor has the primary responsibility of maintaining an appropriate environment for the class or activity. Staff members are to exercise their best judgment in deciding to have a student temporarily removed. Inappropriate behavior which gives cause for removing a student is defined in the Student Handbooks in each school. The Handbooks are adopted as School Board Policy.

Not every misbehavior warrants referral to the Principal. Often, a Staff Member may direct students to get back on task merely by indicating that a certain behavior is not appropriate to the classroom. For other circumstances, which still have not escalated to the level of a referral to the Principal but which do warrant more intervention, a staff member may request a student to go to a predetermined time-out area temporarily. This provides opportunity for the staff member to continue with their class or activity, and then privately converse with the student in question to remedy the situation. A record of the disruption is to be kept by the teacher which may become part of a referral to the Principal if such occurrences become chronic.

## **SHORT-TERM REMOVAL**

In circumstances where the student is removed from a class or activity to go to the Principal, the staff member is to prepare a short written explanation of the incident and submit it to the principal within 24 hours. If the student's behavior is chronic and / or severe, the Principal or designee is to notify the student's parents. Such notice may be made by phone. The Principal shall keep records of unsuccessful attempts to contact the parents in accordance with this provision.

The Principal shall designate a location where students shall remain during the time that they have been removed from the classroom. Initially, the students are to go to the office. In the discretion of the Principal, the student may remain in the office or may be sent to another appropriate supervised area. The student is expected to work on school related work during this time.

Removal from a class or activity is a serious matter. The student is to remain in the short-term removal area for the duration of the class from which he / she was removed. In speaking with the student, the Principal, or designee, shall determine if the student is ready and able to return to his / her schedule of activities. If not, the student may be kept in the short-term removal area, or, when appropriate, may be sent home.

## LONG-TERM REMOVAL

Long-term removal is an extremely serious step, which should not be undertaken hastily or for less than compelling reasons. Such a step could have profound consequences for the affected student and his or her class, as well as any new class or teacher to which the student may then be assigned. For these reasons, long-term removal should not ordinarily be considered or implemented except after a thorough consultation, including a thorough consideration of alternatives with the Building Pupil Intervention Team. Long-term removal should not ordinarily be considered on the basis of a single incident. Unlike short-term removal, the ultimate decision regarding long-term removal rests with the principal, and the District Administrator, a teacher believes that the best interests of the student and/or the class require long-term removal, the teacher should notify the principal in writing. Such statement should set forth as clearly possible (a) the basis for the removal request; (b) the alternatives considered or taken to avoid the need for the removal; (c) the impact, positive and negative, on the rest of the class. Upon receipt of such statement, the principal may consult with the teacher and District staff. It is also necessary to inform and consult with the parents of the student, and the student, involved.

Following consideration of the teacher's statement and any other information, the principal shall take one of the following steps:

- a) Place the student in an alternative education program as defined by law;
- b) Place the student in another class in the school, or in another appropriate place in the school;
- c) Place the student in another instructional setting; or
- d) Return the student to, or retain the student in, the class from which he or she was removed.

In any event, a student in long-term removal must continue to receive an educational program and services comparable to, though not necessarily identical with, those of the class from which he/she was removed. Such program need not be in the same subject of the student's former class.

The parents of the student and the student shall have the right to meet with the Principal and the teacher who made the request for removal. Where possible, such meeting shall take place within three (3) business days of the request for a meeting. At the meeting, the Principal shall inform the parents and/or student as fully as possible regarding the basis for the removal, the alternatives considered, and the basis for any decision. However, nothing in this Code shall prevent the Principal from implementing enrollment in another class, placement or setting prior to any meeting, and notwithstanding the objection of the parent(s) or student.

## IMPLEMENTATION OF THIS POLICY

The administrators and teachers have met pertaining to the implementation of this Code to arrive at a building level consensus regarding how its provisions should be interpreted and applied. However, this Code, and the procedures regarding removal, are intended primarily as tools to assist teachers to maintain an appropriate educational environment in their classes. Therefore, different teachers may have somewhat different views and practices regarding removal of students from their classes. Just as there are different behavioral expectations for elementary and high school students, the standards for removal may well differ from one school, grade or class to the next.

### STUDENTS IDENTIFIED AS DISABLED UNDER THE IDEA

Some different rules and considerations apply for students identified as requiring special education services under the IDEA or Section 504. In particular, placement for such students is a decision of the student's IEP team, subject to stringent procedural safeguards, and cannot be made unilaterally by teachers/administration. In addition, many students covered by the IDEA should have a behavior plan, which will address (a) whether and to what extent the student should be expected to conform to the discipline plan applicable to non-disabled students; and (b) alternative consequences or procedures for addressing behavioral issues. It is highly advisable that IEP teams address these issues, and this Code, at least annually, setting forth the consensus of the IEP team regarding behavioral expectations and consequences. Notwithstanding these issues, students identified as requiring special education services under the IDEA or Section 504 may, in general, be temporarily removed from class under the same terms and conditions as non-disabled students.

No change in placement for more than ten (10) school days may be made for a student with disabilities outside of the IEP process. The ten (10) day limit applies to suspensions or removal.

## DISMISSAL TIME AND PROCEDURES

The last few minutes of the day are an important time to wrap up the activities of the day and get organized to go home. Students that are walking or being picked up will not be dismissed until after buses have departed at approximately 3:14 p.m. If your child normally rides a bus and you wish to pick him/her up, please call the office.

## **Elementary School Dismissal Procedure Reminders**

- Teachers escort all students to the lobby area at dismissal time. Students who ride buses are dismissed first.
- Doors to the elementary school will remain *locked* at dismissal time. Students being picked up will exit through the main entrance after buses depart.
- If you are picking up a student, plan to arrive when buses depart at 3:14 p.m. and wait outside the school building.
- Walkers will depart when all buses have pulled out of the bus loop.

#### DRESS AND GROOMING

The personal appearance of every student is an important component of establishing a safe and positive environment for optimal learning and respect. Students should dress in a fashion suited to the classroom and playground, keeping the weather in mind. Dress and grooming should not distract or disrupt the learning environment or present a concern related to personal safety. Examples of inappropriate dress include:

- Students without footwear or shirts
- Hats, caps or bandannas (in the building)

• Short shorts, halter tops, clothing that reveals the midriff or leaves the student's underwear exposed, clothing adorned with inappropriate writing/pictures.

All students are required to wear lace up or Velcro fastening gym shoes (non-marking soles) for gym class. These can be the same shoes they wear to school. For safety reasons, it is recommended that students do not wear "flip flops", clogs, shoes with heels greater than one inch and that closed toe shoes should be worn for recess.

Students will be given the option to change the inappropriate clothing. Parents will be given the chance to bring alternative clothing in for their student. If parents are unable to bring alternative clothing in, the school will try to provide clothing to wear for the remainder of the day. If there is a continued refusal to wear a mask, a student could be sent home.

**ELL STUDENT SELECTION PROCEDURES:** The school district shall provide for an annual assessment of English proficiency of all students with limited English proficiency in the schools serviced by the district. Students will be assessed annually until they reach a full English proficiency level of 6 on the State scale [Pl 13.07(1)-(5), Wi. Adm. Rule].

The areas that are analyzed to determine students' English language strengths and weaknesses are the same skills that then become the objectives of the instructional program.

- 1) Speaking
- 2) Listening
- 3) Reading
- 4) Writing

## **EMERGENCY CARE**

If your child becomes ill or gets hurt at school, we will contact the person(s) you have provided. If no one can be reached, office personnel will use their discretion to handle the emergency situation. All student and family information is housed in Skyward which parents have access to. Please keep your information updated in Skyward (phone number, parents' work location and phone number, emergency contacts(at least 3 contacts), etc.) If you are unsure of how you make those changes, please call the office and we will be able to assist you.

## **EQUAL OPPORTUNITY**

Cameron School District, in compliance with current state and federal statutes and regulations, and in recognition of its obligation to provide equal opportunity in education and employment for all persons within its jurisdiction, affirms that it will not discriminate on the basis of sex, age, race, creed, religion, color, national origin, economic status, marital status, or disability. The complete policies and procedures are available for inspection in the superintendent's office.

#### FAMILY EDUCATION AND PRIVACY RIGHTS

Cameron School District maintains records for each student attending school in the district. State and federal laws require that the maintenance of such records assure confidentiality.

An adult student, or the parent(s) or guardian(s) of a minor student, has the right to inspect, review and obtain copies of the student's school records upon request in accordance with Cameron School procedures. The Cameron School will respond to such requests without unnecessary delay and in no case more than 45 days after the request is made. Copies of the Cameron School student record procedures are available upon request at the School District office, 600 Wisconsin Avenue. Regular office hours are 8:00-4:00 p.m. during the school year.

An adult student, or the parent(s) or guardian(s) of a minor student, has the right to request the amendment of the student's school records if he/she believes the records are inaccurate or misleading. Complaints regarding the content of student records may be in accordance with established District policies. Copies of the District's procedures are available upon request as outlined above.

The food Service operates on a pre-payment system. We ask that parents pre-pay and maintain a positive balance in their child's (rens) accounts. \*\*Payment can be made for all family members regardless of what building they are in by indicating (on the memo line if paying by check or Money Order or separate piece of paper if paying with cash) how you want it distributed.

NSF checks: If a check is returned NSF we ask parents to make future payments with cash or Money Orders only!)

Families are asked to follow a monthly pre-pay schedule on each month's calendar. Breakfast and lunch prices are broken down by the month and grade categories and include regular price rates, reduced price rates, and ala carte milk rates. Families can monitor their meal accounts through **Family Access** within Skyward. (Contact the School District on how to sign up)

Students eligible for free meals will not be denied a meal because of a negative account balance. However, they will not be allowed to charge ala carte items, including milk to have with a meal brought from home.

<u>Milk purchases</u>: Milk purchased with a meal brought from home<u>-or-Wisconsin School Day Milk Program</u> is \$.40 and is considered an ala carte item.

## WHEN A STUDENT'S MEAL COUNT BECOMES NEGATIVE:

**High school and Middle School students:** are informed in the meal line when they are low in their meal account and are responsible for communicating with you when they need money deposited into their account. Parents/guardians can also request a low balance e-mail notification to their personal e-mail when their child reaches \$5.00 in their account.

**Elementary students:** will have a note sent with them at the end of the day. Parents are asked to check their child's back pack nightly. Parents/guardians can also request a low balance e-mail notification to their personal e-mail when their child reaches \$5.00 in their meal account.

**Credit Limit:** A \$12.00 credit limit will be allowed in a student's account. If a student exceeds the credit limit in their meal account, they will be offered a cheese sandwich and a carton of milk after the first time it reaches that limit and \$.75 will be charged to their account.

When a meal account becomes -\$12.00: A personal call will be made or an e-mail notification will be sent by the Food Service Director to let the parent/guardian know that they will need to provide meals and beverages from home until sufficient funds are deposited in the account to bring it back to a positive balance.

**Please note:** This also applied to regular price elementary students participating in the milk break program, if they reach this \$12.00 limit. Elementary students eligible for **Free/Reduced lunch** will be exempt as there is no charge.

**USDA** regulations allow students other than those who qualify for free meals to be denied a meal if their account balance is negative and they do not have money in hand to pay for a meal.

\*\*We do understand that situations come up. If payments are not able to be made at a given time, <u>please</u> call the Food Service Office to set up payment arrangements so a child's meal service is not interrupted. (**715-458-5821**).

Every effort will be made by the Cameron School District to keep parent(s)/guardian(s) informed regarding their child's meal accounts. However it is ultimately the responsibility of the parent(s)/guardian(s) to maintain a positive balance in the account(s).

<u>Elementary Student Lunch Counts</u> are taken daily by classroom teachers in the morning. The children are asked whether they are taking school lunch or only want milk with a lunch brought from home. These lunch counts are forwarded to the food service kitchens so they know how much to prepare each day. If a parent wishes to join their child for lunch, please contact the school office by 8:15 the day you intend to eat.

<u>Middle School and High School students</u> are issued ID numbers. They will use that number at the Food service Point of Sale to purchase items from Food Service. \*\*Students are not allowed to use their account for other students unless they have a parent/guardian signed permission form on file stating so. (\*see <u>Ala carte purchases</u> section).

## **Payment procedures**

Student accounts are reviewed twice a week and slip is sent home with students when their account falls to "00". We discourage charging of meals, but realize that lunch money is sometimes forgotten and we do not wish for students to go hungry. Charges are limited to ten in number. After this period, students will be asked to bring a cold lunch to school until all back charges have been paid.

- 7. All visitors are expected to observe all school rules and procedures.
- 8. When business is concluded, all visitors are expected to report back to the office to sign out.

## Parents in the building

All parents are expected to adhere to these visitor guidelines. Parents requesting to see a teacher or to go to a classroom may be denied. Parents wanting to meet with teachers should set up an appointment with the teacher in advance.

## **Additional information**

Any staff members that see an individual in the building that is not a student and does not have the appropriate visitor's pass should stop the individual and ask, "How may I help you and where are you headed?" If the visitor has not signed in, offer to show them to the main office where they can be assisted. If the visitor becomes belligerent or non-compliant, keep the visitor in sight and try to find another staff member to contact the office. The person contacting the office should provide a description of the visitor, the location and a brief description of the situation.

## **VOLUNTEER PROGRAM** - PO8120

The Cameron Elementary School offers volunteer opportunities through its Partners For Education program.

The purpose of the volunteer program is to enrich programs and supplement the services provided by the School District of Cameron to promote optimum growth and development in the student.

Volunteers are resource persons who may share their skills directly with students to enhance academic and non-academic programs; provide other assistance to teachers as needed; or assist school support staff as appropriate.

Volunteers provide support to the school district by direct involvement. They provide two-way public relations with the community by sharing their knowledge of the educational experience.

All Volunteers who are providing supplemental non-professional services in the operation of the school program shall be under the authority and supervision of the building principal. The building principal may and can require a volunteer to terminate his/her services to the school without cause.

Legal Ref: State Statute 118.29(2) State Statute 118.295

Volunteers who assist in classrooms on a regular basis must complete a Volunteer Application and Consent Form so a criminal background check can be completed. Volunteers who chaperone field trips or assist with school events do not need to complete this form.

#### **Cameron School District**

## Criminal Background Check Policy - Volunteers

The conviction record of individuals seeking volunteer opportunities in the District must be obtained and reviewed by the Superintendent of Schools or designee prior to allowing the individual to volunteer in the schools or with students. This process is crucial to protect the safety of students.

A. Identification of Activities Requiring Volunteer Checks

Building Principals will identify activities or events in which volunteers will be utilized, and where background checks will be necessary. Such activities may include:

- · Working one-on-one, alone with students;
- · Accompanying students on overnight activities; and
- Supervising students in any other capacity in which there is limited oversight by school staff.

Building Principals will coordinate the identification and assignment of potential volunteers who will be performing duties in any of the above volunteer activities.

## B. Process for Completing Volunteer Checks

Each volunteer must complete and sign a Volunteer Application and Consent Form at the school where the volunteer is seeking opportunities. The Human Resources Administrator at the District Office will conduct a criminal background check via the Wisconsin Department of Justice. The Superintendent of Schools or designee will review any records, in order to make a determination of whether the individual will be permitted to volunteer in our District. Once the results of the background check have been received and reviewed, the Human Resources Administrator will notify the Building Principal or designee via e-mail whether the individual is approved to volunteer. In the event that an individual is not approved to volunteer, the Human Resources Administrator will make the notification to the individual.

## WATER BOTTLES

Because hydration is essential to overall health and well-being, water is recognized by the District as the beverage of choice. Drinking water will be available to all students throughout the school day and throughout every school campus,

including during mealtimes. When students bring water bottles from home, they must be clear in color and have secure caps. Areas where water bottles are allowed may vary throughout our schools.

## WEAPONS POLICY

No one shall possess or use a dangerous weapon or look-alike weapon in school, on school grounds, in school vehicles, or at school sponsored activities except as otherwise specifically provided. A dangerous weapon or look-alike weapon is defined in State Statutes and includes a gun, knife, razor, martial arts equipment, metal buckle, chemical mace, or any other object which, by the manner in which it is used or intended to be used, is capable of inflicting bodily harm or could pretend to be capable of inflicting bodily harm. State Statute and Board Policy provides penalties for anyone found in possession of one of the aforementioned weapons. Penalties may include:

- 1. Contact with parents.
- 2. Suspension
- 3. Referral to law enforcement
- 4. Referral for expulsion

## WINTER BUS PROCEDURES

With the advent of winter weather transportation becomes more difficult and it is not unusual for delays to occur for a variety of reasons. Parents should discuss with their children procedures for handling situations which may arise:

- 1. If the bus is running ten or more minutes late, there is likely some kind of problem. It may be that the roads are bad and the bus is getting further and further behind in the route, or it may be that the bus has become disabled. If the bus is ten or more minutes late, children should be instructed to return to the house to wait where it is warm. Buses more than ten minutes late will stop at each house and will wait for the student to come out. Students should not accept rides to school from others unless it is approved by the parents. The school will not authorize non-school personnel to transport students to or from school.
- 2. Whenever the bus is more than ten minutes late the school should be called. We can communicate with the bus driver and/or the Transportation Supervisor to make a determination as to when they might expect the bus to arrive. In some cases special transportation will be arranged.

From time to time there will be delays in any transportation system, but with good communication of the part of school personnel, parents and children we hope to minimize delays, confusion and discomfort. On winter days children should be dressed warmly and should understand that they will not be in trouble for missing a bus that is ten minutes late if they go back home to wait where it is warm.

#### WITHDRAWAL FROM SCHOOL

If you are moving out of the school district please notify the elementary office. All student textbooks and library books need to be returned to the classroom teacher. Anny lunch money owed or fines paid need to be completed in the office.

## School District of Cameron Parent Involvement Policy

Cameron Elementary School will involve parents in regular, two way meaningful communications addressing student achievement and ensuring:

• that parents play an integral role in assisting their child's learning

- that parents are encouraged to be actively involved in their child's education
- that parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

In compliance with Section 118(a)(2), of the Elementary and Secondary Education Act (ESEA), the School District of Cameron agrees to implement required statutory requirements to:

- Involve parents in the joint planning and development of the district's Title I plan through representation on the district ESEA team and participation in the ESEA meetings.
- Involve parents in an Annual Local Review of the Title I program and use the results of the Annual Review to address any identified barriers to parental participation. The Annual Review will be conducted each spring and will include analysis of state and local assessment data, a review of grade level needs and services provided, parent/teacher/and/or/student survey data, and summary analysis of the effectiveness of Title I services.
- Involve parents in the development, implementation, and review of Parent-School Compacts. The Compacts will be discussed and signed during the fall open house and reviewed during fall and spring conferences. The compact will also be posted on the district website.
- Involve parents in the planning and development of effective parent involvement activities through representation on each building's Title I Needs Assessment/Evaluation Committee or Schoolwide Committee. Committee meetings will be scheduled flexibly with the scheduling needs of parents in mind
- Build the schools' and parents' capacity for parent involvement by:
  - Providing parents with information on state standards, assessments, requirements of Title I, monitoring their child's progress, and working with educators. Information will be provided during an annual fall meeting, through quarterly classroom progress notices, at parent-teacher conferences, in the district newsletter, and on the district website.
  - O Providing materials, resources and training to help parents work with their children to improve academic achievement. Resources will be provided in classroom newsletter and communications. Federal law allows parents to ask for information about their child's classroom teachers, and requires us to give you this information in a timely manner if you ask for it. Specifically, parents have the right to ask the following information about each of their child's classroom teachers:

- Whether the Wisconsin Department of Public Instruction has licensed or qualified the teacher for the grades and subjects he/she teaches.
- Whether the Wisconsin Department of Public Instruction has decided the teacher can teach in a classroom without being licensed under state regulations because of special circumstances.
- The teacher's college major; whether the teacher has any advanced degrees and, if so, the subject of the degrees.
- Whether any teacher's aides or similar paraprofessional provided services to children, and if they do, their qualifications.

The District will send out yearly notifications of parental rights to parents of all students at Cameron Elementary School.

The Cameron Elementary School Involvement Policy has been developed jointly with, and agreed on with parents of children participating in the Title I programs as evidenced by meeting minutes.

The district will make this policy available to all parents upon request.

## Meningococcal Disease: Protect Your Child

Public health authorities recommend that teenagers and college-bound students be immunized against a potentially fatal bacterial infection called meningococcal disease, a type of meningitis.

The Centers for Disease Control and Prevention (CDC) and other leading medical organizations recommend routine meningococcal immunization for adolescents during the preadolescent doctor's visit (11- to 12-year-olds), adolescents at high school entry (15-year-olds) if they have not previously been immunized, and for college freshmen living in dormitories.

Meningococcal disease is a rare but potentially fatal bacterial infection that can cause severe swelling of the brain and spinal cord (meningitis) or a serious blood infection (meningococcemia). Meningococcal disease strikes up to 3,000 Americans each year; nearly 30 percent of these cases are among teenagers and college students.

A meningococcal vaccine is available for use among persons aged 11 to 55 years, which provides protection against four of the five types of bacteria that cause meningococcal disease. Many parents are unaware of the dangers the disease poses to their children and that a vaccine is available that may help to prevent up to 83 percent of cases among teens and college students.

Immunization is the most effective way to prevent this very serious disease

## **About Meningococcal Disease**

Meningococcal disease is often misdiagnosed as something less serious because early symptoms are similar to common viral illnesses. Symptoms of meningococcal disease may include high fever, severe headache, stiff neck, nausea, vomiting, sensitivity to light, confusion, exhaustion and/or a rash.

Meningococcal disease is spread through direct contact with respiratory and/or oral secretions from infected persons (for example, kissing or sharing drinking containers). It can develop and spread quickly throughout the body, so early diagnosis and treatment are very important. Even with immediate treatment, the disease can kill an otherwise healthy young person within hours of first symptoms. Of those who survive, up to 20 percent may endure permanent disabilities, including brain damage, deafness and limb amputations.

Lifestyle factors common among teenagers and college students are believed to put them at increased risk of contracting meningococcal disease. These lifestyle factors include crowded living situations (for example, dormitories, sleep-away camps), active or passive smoking and irregular sleeping habits. Teens should avoid sharing eating utensils and drinking out of the same container, since infections may spread through this type of close contact.

## **INSURANCE/INJURIES**

Student Assurance Services provides coverage for all students attending school for any injuries that occur during the school day or during other school-sponsored activities (not including after-school athletics). All injuries must be reported to the main office/teacher at once. This insurance is a SECONDARY coverage and covers only those expenses that are not covered by a family's primary insurance.

Students in school-sponsored athletics have the option to purchase additional coverage. Forms for this coverage are distributed during the athletic code meeting and can also be obtained through the athletic director's office.

## PUBLIC REQUESTS, SUGGESTIONS, OR COMPLAINTS - PO 9130

Any individual(s), having a legitimate interest in the staff, programs and operations of this District shall have the right to present a request, suggestion, or complaint to the District and the Board. At the same time, the Board reserves the right to protect District staff and students from harassment, disclosure of confidential information, and other violations of the staff or student's rights. It is the intent of this policy to provide a process for considering and addressing public requests, suggestions, or complaints in an efficient, reasonable, and equitable manner. Requests, suggestions, or complaints made by District staff members are covered by Policy 1422, Policy 3122, and Policy 4122. This policy is not to be used to appeal or to otherwise seek review of a personnel decision that was or could have been reviewed through the grievance policy, Policy 3340 or Policy 4340.

It is the desire of the Board to address any such matters through direct, informal discussions. It is only when attempts at informal resolution fail that more formal procedures shall be used.

Generally, requests, suggestions, or complaints reaching the Board or Board members shall be referred to the District Administrator for consideration. Only those items that are appropriate for consideration under this policy will be considered. The District Administrator may close out any such request presented to him/her that is not appropriate for consideration consistent with this policy. The Board reserves the right to reverse the District Administrator's decision to dismiss any item raised and to fully investigate or review the matter.
