Strategic Plan Update

The Blackfeet Language Department and committee has worked hard to provide the Blackfeet History and Culture curriculum for grades k-12. This isn't on OPI's website because it is owned and created by BPS. It is on our website for our own staff use.

The Wellness Committee had their first wellness day. Survey results will be sent out districtwide with two different options for the spring one for ½ a day and one for a full day for board approval.

We now have two outside telehealth consultants working with our students. We are waiting for School Based Health clinic to start theirs. We are currently looking into grants to help with social/mental health.

Community Involvement

—with students—

Currently we have begun our Eekahkimaht Projects in BES, BMS and BHS. 21st century are located in BES, Napi, BMS, BHS, East Glacier and Babb.
