DeSoto ISD Progress Monitoring		August 2022
Goal 1: Percentage of HS students who graduate college, career, and/or military ready will increase from 36.0% in May 2019 to 62.0% by May 2025.		
Who	What	Response
9th-12th students	Currently there are 158 seniors that have obtained one or more industry based certifications (IBC). Based on a graduating class of 557, that is 26% of our target goal of 25%.	Although GPM 1.3 will be easily met this school year, the CCMR department will continue to strive to have every graduating senior graduate with a diploma and industry credential. Strategies include increasing exposure to industry partners, internships, effectively communicating income potential, and alignment of courses to IBC's.
12th grade students	CTE pathways/programs will culminate in IBC exams (Including: OSHA 30, Microsoft Office, Entrepreneurship, Adobe Professional, Information Technology, CHASSIS Level 1, ServSafe, Certified Vetrinary Assistant, TSFA Floral, Steel and Welding, Certified Nurse Aid, Phelebotomy, Cosmetology Operator, Engineering, Educational Aide, CPR, OSHA 10, Automotive All-Data)	CTE teachers will identify all senior students in their classes and ensure that students who have not received an IBC will be prepared to take the certification exam that corresponds to their respective program of study.
		**Data included on this report does not include the summer submission. For summer 2022, an additional 10 students completed IBCs in Cosmetology and Adobe
