Please submit this purchase information to the BOE for the June 24, 2013 meeting.

In Phase 3 of the Technology Capital Plan, a dollar amount was earmarked for the technology needed to support the Collaborative Teacher Project (CTP). A large portion of that technology was already approved at the June 4th meeting. We are ready to make our next round of student computer purchases in support of the CTP.

Equipment	Qty	Total Amount
ByteSpeed NL4 Convertible Laptop with software & extended warranty	189	\$109,431.00
NL4s purchased through ILTPP from ByteSpeed Systems, LLC		

The Educational Technology Capital Outlay account will be used to purchase this equipment. Please let me know if additional information is needed.
