

Spookinaapi (Good Health) Project

Project

- 5-year SAMHSA grant
- (3) Tier socio-cultural-ecological approach
- Target Areas
 - Under-Age Drinking
 - Marijuana use
 - Prescription pain Killers (Opioids)
 - Suicide
 - Family engagement
- Target population
 - Grades 2-12

Goals & Objectives for the program

Goal 1. Provide Prevention education, activities and awareness for the schools and community.

Goal 2. Continue to serve caseload in each building and provide access to Mental Health services.

Goal 3. Establish a mentoring program for each building and target at-risk students.

Current Projects

The Spookinaapi program collaborated with Blackfeet Tribal health, and crystal creek to provide education and activities surrounding the vaping issue in the schools. The Spookinaapi program met with the tribal lawyers, tribal health and tribal council to enforce the removal of vapes on the Blackfeet reservation. Future activities will include Valentines dances, spring formals, prom spring carnival, and health fairs for BPS students. The program is working with the tribal programs to plan a Sock Hop dance/Ice cream social for the community as another sobriety dance. The Spokinaapi program participated in the district's kindness campaign, students in English class made kindness candy bags, with positive affirmation for other students in different periods (a pay it forward project).

Cinnamon Crawford is located at the Buffalo Hide Academy as the Spookinaapi Director, she over sees the day-to day operation of the project, Cinnamon will be working closely with the Blackfeet Tribal health programs to better serve the youth and the community. Currently the Spookinaapi Program is collaborating with the student activities, and wellness committee Cinnamon also helps with the Covid-19 she helps with rapid testing and contract tracing through the school the district. Contact information (406) 338-4380; email: cinnamonc@bps.k12.mt.us

Kiana McClure is located at the Browning High School as the Prevention Specialist. Kiana is providing insight classes for the students who are caught with substances, she is also providing prevention Wednesday trivia, incentives are given to students and staff who participate in the activity, she also has been providing prevention education and activities to Ross DeRoche Health classes. Kiana collaborated with Crystal Creek to provide prevention education and activities.

Kayla Burns Browning Middle School specialist – , Kayla has been providing insight and lunch group activities, Kayla has been collaborating with crystal creek, Kayla will be working with different teachers in the middle school, she will be implementing the TOO GOOD FOR DRUGS curriculum and guest speakers will be coming to talk to the students. Kayla will be providing PD for the teachers, the topic is identifying the different type vapes, different kind of drugs.
