

Please see below with the prices for the MILK bid for 2021-2022
 Aitkin Dairy is no longer delivering milk to our school as he is semi retiring

I would like to suggest we go with Kemps as they are the only distributor delivering skim chocolate.

We would have to ask for a variance for MDE to serve 1% chocolate milk

Sysco and Upperlakes also deliver in cardboard boxes
 Kemps come in reusable crates less waste

All the bids are escalating meaning they will change with market prices
 Sysco bid was in June, I believe that is why it is lower

Please let me know if you have any questions
 Thanks
 Kathy Faust
 Director of Food and Nutrition Services
