

MEMORANDUM

March 5, 2014

TO: Members of the Mid-Valley Executive Advisory Board

FROM: Carla Cumblad, Executive Director
Natalie Assell, Behavior Technical Assistant

Over the last years, professional development for Mid-Valley has changed quite dramatically as the following tables demonstrate. For the first three years, the professional development was provided only for Mid-Valley staff. In the past three years, shared professional development and a much greater range of topics have been provided both for district and Mid-Valley staff. It should be noted that the 2013-14 data do not include the attendance for the February Institute Day or other planned activities through the end of the year. Attendance for the Institute Day was approximately 700 participants.
