

BNAS report for April 3, 2018

BNAS faculty will be attending the MIEA in Billings. Learning protocols on how to register and fill out the proper paper work to send staff to the conference was easy thanks to the ladies who work in the Admin. Carlene, Jerci, Rose, Jessica, Linda, Emmy, Stacy, Shari, Dixie, and Rikie have all contributed in making my job enjoyable in this process.

Beyond planning for the conference, I also worked on materials. My lesson plans go up to 7 sections and each lesson plan will have a student format and a teacher 'edition'. Lesson 1 is included. Also, I spent time in various libraries looking for a children's book to translate into Blackfoot. I chose "Brown Bear, Brown Bear what do you see?" and it is included in the email as an attachment.
