

Morrow County School District in compliance with Division 22 standards

Each year all school districts in Oregon are required to report their standing with respect to the Division 22 Standards for Public Elementary and Secondary Schools. Morrow County School District is pleased to announce it is in compliance with and implementing all of the Standards for Public Elementary and Secondary Schools as set out in OAR Chapter 581, Division 22, including all new and revised rules. The standards address the District's requirements in areas such as diploma and graduation requirements, academic program offerings, implementation of state assessments, and a multitude of other areas.

Anyone requesting further information on the standards or who would like to have questions or concerns addressed should contact Assistant Superintendent George Mendoza at 541-922-4061.
