

BOARD OF TRUSTEES

Date: October 27, 2025 Prepared By: J. Clark
Subject: Discuss and Consider Purchase and
Installation of Stadium Seating

Action

BACKGROUND INFORMATION:

The current Bulldog Stadium opened for use in the Fall of 2008. Over that time, the seats have begun to crack and the fiberglass material has weathered to expose the fiberglass material of the seats. The current seats have served a useful life for the fans of the Millsap Bulldogs.

Upon reports and inspections, it was determined that replacement was the solution to remedy the issues. A quote was obtained for the current seats to be removed, disposed of, and the installation of new seats in their place. The new seats will serve Millsap ISD for many years to come.

RECOMMENDATION:

Approve the purchase of new stadium seats for Bulldog Stadium.

BOARD ACTION REQUIRED

Proposed Motion: "I move to approve the purchase of stadium seats for a price not to exceed \$135,000."
