Re: High School Principal Report July, 2016

Homedale Board of Trustees,

The summer seems to be flying by and we are starting to plan ahead for registration and meeting with staff in August. The maintenance crew has been hard at work painting the hallways in the main building red/white. This is a big change for the hallways at the high school and things are looking great. We are excited to get the new bleachers in as well this next month and to see what a difference they will make not only cosmetically but for school spirit and pride as well.
