Knightline Newsletter

April 2019

North Valley Community,

Spring is upon us and with it comes a freshness and excitement of new beginnings. This is evident in our students and staff as we prepare for our student led conferences (SLC) at the end of April. We implemented this conference format last year across the district. We will have send out communications regarding this new conference format, and I hope you are excited and ready to meet with the school and your student to discuss their successes, struggles, and future aspirations. In addition to SLC's on the horizon, the third quarter is in full swing; please check your student's progress and communicate with their teachers if you have any concerns.

Spring is a very busy time here at the school. Some items on the horizon that might be of interest are the following: academic masters competition, senior superstars, spring athletics, FBLA state competition, Skills USA competitions, and speech competitions, and of course, spring break to name a few. If you have the time, come by and watch our students as they perform in these exciting events.

Thank you for your continued support of the students at North Valley High School.

Thanks for all your support
Erik Lathen, Principal

21st Century Grant Opportunities.....

Three Rivers School District has been awarded the 21st Century Grant. North Valley High School is included in this award this year. The Grant is here to provide services and opportunities for our students outside of school hours. We will be linked with local instruction as well as community partners. All of the classes are drop in and give something new a try. Of course we hope that the students will join in and attend for the whole term of sessions they are interested in. Finally as a school we have a lofty goal we need to have attendance at these functions. Our goal is to get over 30% of our student body to attend activities regularly. For more information on any of these opportunities please contact Melissa Madsen at melissa.madsen@threerivers.k12.or.us.

**Second Semester is Here which means new opportunities for our students and community!
