ACTION

BACKGROUND INFORMATION

Mr. Fred Contreras of Grape Creek ISD Board of Trustees and TASB Board of Directors representative for Region XV has sent information related to Aledo ISD’s “Make Education a Priority” effort for you to consider.

As we head into the 82nd Legislative Session, there is much concern among policy advisers and education leaders that education issues, and particularly education funding issues, will struggling with re-districting and re-election concerns for attention.

Aledo ISD is spearheading an effort to encourage lawmakers to allocate due attention to serious financial and accountability stress on schools. Mr. Contreras has asked that you review the attached materials and give consideration to enlisting in this effort by Resolution and active participation.

ADMINISTRATIVE RECOMMENDATION

No recommendation.
