## Title: Proposed Salary Increases for Non-PHEA Employees

## Contact: Don Angelaccio

The Board has established guidelines for Non-PHEA staff, including both non-administrative and administrative. The increases recommended in this document fall within these guidelines and are divided into four employee categories: 10 Month, 12 Month, Hourly, and Administrative. For reference, the negotiated salary increases for certified and non-certified staff members and Educational Support Personnel (ESP) will receive 4.5\% increases; Certified and Non-certified PHEA members earning $\$ 114,311.81$ year (Long Term Employee) will receive an increase equal to 2.50\%.

* Substitute Teachers

District 23 increased substitute teacher daily rates and implemented a bonus for retired D23 teachers in 2022. At this time, I am not recommending an increase in substitute rates.
Additionally, we wish to retain 4 Full-Time building substitute positions contracted as purchased service agreements. For the 2024-25 school year, I am recommending an annualized salary of $\$ 35,200$ (\$200/day), which is the same as this year. These positions would also receive limited options for health and dental benefits.

Administrative Positions (11 and 12 month):

| Name/ Position | FY25 Salary |

Having applied the $4.5 \%$ to the total of administrative salaries, and applying the $25 \%$ ile $75 \%$ ile increase parameters, the above increase would result.
