RECOMMENDATIONS

On October 6, 2014, the City of Laredo Utilities Department advised the District that the water supply to Arndt Elementary would have to be shut off due to a break in a main water line break. Therefore, students at Arndt Elementary were released at approximately 11:00 a.m. on Monday, October 6, 2014. This cancellation of classes affected the afternoon Pre-Kindergarten classes (28 students) which begin at 12:00 p.m.

The break was repaired in the afternoon and classes resumed as scheduled on Tuesday, October 7, 2014.

Arndt Elementary School To Dismiss Classes Today Due To Area Waterline Break

Due to a waterline break near Arndt Elementary School, located at 610 Santa Marta Blvd. in South Laredo, students will be dismissed from school today. Faculty and staff are currently contacting parents to notify them of this news.

Please note, students who are bused to the campus will be bused to their home provided a parent or guardian is there to receive the student. Parents who drop off their children will have to make arrangements to pick up their child at the campus.

This waterline break only affects students of Arndt Elementary School and no other UISD campus.

The United Independent School District appreciates the support of Arndt Elementary School parents and students. The waterline issue is being addressed. Classes will be back up and running as usual tomorrow.
