Background Information

This is a resolution that should be considered every year in preparation for potential staff or program reductions. The resolution directs the administration to examine areas of potential reductions. This resolution does not mean there is an expectation of reductions. It is the first step in the process in the event there are unrequested leaves or program reductions.

Recommendation

I move to approve the Resolution Directing the Administration to make Recommendations Regarding the Reduction and/or Discontinuance of Programs and Positions and Reasons Therefor as presented.
