1. Subject and category: Mathematics - Categories: 2, 3, and 4.

- 2. Reason for seeking postponement: Three Rivers School District delayed adopting new math materials in spring of 2009 due to the need for staff to study and understand the new K-12 Oregon Math Standards. In addition, the district is experiencing drastic financial challenges. Declining enrollment, state funding cuts, and spiraling costs are all major factors in our inability to purchase textbooks at this time. Currently there is the potential of 15-20 days being cut from the 2011-2012 school year.
- 3. Projected date for installing new materials: **September, 2011** [Note: This date shall not be later than one year from the beginning of the school year following the state adoption. On this date new materials must be installed or an independent adoption notification sent to the Department of Education indicating what materials are being used.]
- 4. Identify materials to be used during the postponement (use reverse side for additional listings):

Title	Name of Publisher	Copyright Date
McGraw Hill Mathematics K-5	Macmillan/McGraw HIII	2002
Scott Foresman-Addison Wesley MS Math 6-8	Pearson	2002
McDougal Littell Algebra/Geometry/Algebra 2	McDougal Littell	2002

Statement of Assurance: This postponement, causing an out-of cycle purchase, will not delay future purchases in other subject area.
