This is an official request to create an amendment to the charter for Sunny Wolf Charter School. We are requesting to change Section 4. (a), Age and Grade Range, from providing instruction to students in grades K-5 to providing instruction to students in grades Preschool - 6th.

This change will greatly benefit the children that attend Sunny Wolf Charter School and Three Rivers School District.

Sincerely,

A handwritten signature in black ink, appearing to read "J Hoffmann". The signature is fluid and cursive, with a long horizontal stroke at the end.
