

December 2022 Board Report

TO: NBCUSD #16 Board of Education, Mrs. Jill Larson, Superintendent

From: Hattie Llewellyn, High Principal

Curriculum and Instruction

- The NBHS 23.24 Curriculum Guide has been submitted for approval.
- The math team has continued working with the consultant and on math adoption options.

Assessment

- The ASVAB assessment was given on December 2nd. January 6th a rep will meet with students to go over results.
- Almost all HS Students have completed their MAP Testing. I have included the HS Graphs at the end of this report.

Grade	ELA Coursework	MAP Math	Math Coursework	MAP Math
9	88% Passing 12% - 8 Students Failing	90% M/E 10% 7 Students Critical	88% Passing 12% - 8 Students Failing	94% M/E 6%- 4 Students Critical
10	0 Students Failing	85% M/E 15% - 9 Students Critical	87% Passing 13% - 8 Students Failing	90% M/E 10%- 6 Students Critical
11	98% Passing 2% - 1 Student Failing	95% M/E 5% 3 Students Critical	97% Passing 3% - 2 Students Failing	91% Passing 9%- 5 Students Critical
Overall 9-12	9 Students Failing	19 Students Critical 7 have an IEP and are receiving Direct Instruction or Inclusion Support. 12 will be enrolled in reading intervention	18 Students Failing	15 Critical Students 12 have an IEP and are receiving Direct Instruction or Inclusion Support 3 will be enrolled in math intervention

- The Panorama Winter Benchmark is underway. Students should be finishing up this week so we can look at the results to provide Q3 support.

Pretzel Positives

NBHS Pretzel 411

- I have been publishing a Weekly Parent Update this year to our social media accounts. Each update has been averaging 250-300 views. If you have a social media account, check out the updates each week!
- Be sure to catch the new Twisted Pretzel podcast on YouTube each week! Mr. Shafer and Wes Preckwinkle have been doing a great job presenting great topics!
- Mr. Bandy and his Public Speaking Class posts the morning announcements each day to the Pretzel News Network on YouTube

NBHS Student Shout Outs

- Kaylee Cowhick was named the Student of the Month at CACC for the Fire Science Program

- NBHS Student Council announced Wesley Preckwinkle and Cade Wellman as October/November student of the month respectively.
- On Tuesday, Jacob Heironimus and Miley Crow presented a 9th Grade Seminar Session on preparing for semester exams. The teachers also prepared a slide for their exams. This will be shared with all parents to improve the communication regarding what to expect for exams in each course. This can be viewed by clicking [HERE](#).
- We have our Q2 Recognition Assembly on Friday but I cannot announce the winners ahead of time - I will have them for the January Board Meeting!
 - We have 96 students that have had perfect attendance and zero behavior referrals this quarter!
 - We have 98 students that have earned a semester exam exemption coupon for the academic performance on the SAT/PSAT from last spring. They received this for meeting or exceeding in one or more categories on the assessment.
 - We have 82 students that met or exceeded in both Reading and Math on the Winter MAP testing and have earned a Semester Exam Exemption Coupon. Students had to meet the target of 230 on both assessments AND worked on the IXL Diagnostic and skill plans to earn this coupon.

NBHS Staff Shout Outs

- Mrs. Euler and Mr. Rees took the Sophomore Class to CACC last Friday for a program exploration field trip.
- Mrs. Cray took her Engineering Class to BOS Center for a Career Day field trip.
- Ms. Limestall and the Scholastic Bowl Team did a fantastic job hosting the 4th Annual Pretzel Scholastic Bowl Tourney on Saturday!
- Ms. Magrath and Mrs. Charneski have been relentlessly preparing for tonight's (Thursday) concert. I observed the band preparing for the concert last week and they are ready! I have not gotten a chance to check out the choir rehearsal; however, their performance at the Veteran's Day Assembly was outstanding.
