

Memorandum

To: Eden Prairie School Board
From: Dr. Josh Swanson
Date: May 5, 2025
Subject: Summary - District Policies

On an annual basis District Policies are reviewed. Under policy governance this is the responsibility of the superintendent, but requires board approval. As necessary, policies are also updated based on: changes in statute/legal requirements, an ongoing review of the Minnesota School Board Association model policies and updates, and recommendations by our legal counsel. Each of the updates included in this memo are to align us with updates in statute and MBSA recommended language that was recently released. My recommendation is that the board approve the policies below, as presented. I have included a brief summary of the changes to each policy on the table below and the full policies are available for your review within Appendix A of the board packet.

Policy #	Mandatory	Policy Name	Notes for the Board
413	Yes	Harassment and Violence	Legal definition update to comply with statute and the most recent MSBA recommended language changes.
512	No	School Sponsored Student Publications and Activities	Updates to align with changes in statute and the most recent MSBA recommended language changes.
704	No	Development and Maintenance of an Inventory of Fixed Assets and a Fixed Asset Accounting System	The Governmental Accounting Standards Board (GASB) is requiring the inclusion of language addressing the capitalization of group assets in the districts' fixed asset policy. In consultation with our auditors, we have established language and a threshold of \$50,000 to meet the requirements of the GASB. This aligns to the latest MSBA recommended updates.
