

*Mike Wantland Nominated as Neah-Kah-Nie High School Volunteer of the Month...*

Mike has been working as a volunteer Basketball coach this year, stepping in with a weight training program for players as well. He is chalk full of ideas and he literally puts his money where his mouth is by gathering and seeking donated healthy snacks for the kids involved in after school sports. Mike also has a lot of amazing connections, recently sharing with me that he has received a commitment from folks at the NW Softball Academy to come and provide a free clinic this spring. We are excited to have Mike's energy on our side and anticipate a continuing and beneficial partnership!
