

MEMORANDUM

TO: Dr. Jeff Stephens

FROM: Clyde Moore

DATE: November 3, 2021

SUBJECT: 2022-2023 School Calendar Proposal (1st Reading)

The calendar committee met recently to consider several possible calendars for the school year 2022-2023. School administration, district administration, parents, PTSA, WEA, classified employees and teachers were invited and allowed to give input at that meeting.

Additionally, these final calendar choices were sent to the schools and employee groups to allow them to obtain input on the local level.

Based on that input, the committee would like to recommend to the Board the attached 2022-2023 calendar for consideration and approval on a first reading.

Sincerely,

Clyde Moore
Secondary Supervisor
