

Athletic Admin Report 9/2/13

All 3 fall sports are off and running, and our numbers in each have never been higher. We have over 70 girls and 80 boys taking part in our high school athletic programs this year. Friday and Saturday Volleyball was in action getting ready for their district title defense. Cross Country ran Saturday preparing to do the same. Football opened up the season proving all the experts wrong by beating Sabinal 32-26. The Harris Poll had us losing by 4. Two years in a row we proved them wrong. I look forward to a great year. When our students have success in the classroom and on the field, that is foremost in preparing them for life.

James L. Richardson
Athletic Director
Brackett ISD
