

Strategic Planning

- A. The School Board's Annual Agenda schedules school board governance education in July. Possible presentations/topics include a futurist, demographer, technology, advocacy groups, staff, MSBA, etc. It would be appropriate for the board to select a topic so that arrangements can be made for the July (or August) meeting. Topics in the past have been: Policy Governance (twice), Goal Setting, High School Electives/Scheduling, a Discussion of Board-Superintendent Responsibilities based on a survey completed by the board and superintendent, a Review of When Various Debt Levies Expire, and an Overview of the High School Redesign Process.

- B. Last month, the school board assigned the top ideas from each of the stakeholder categories to the District Exit Outcomes. That work is attached in the document titled "Stakeholder Input by EO". A document including all input received "All Input 2018" along with a history of previous school board goals "Board Goals History and Results" is also attached. **I recommend the school board review the data and discuss how to start developing goals next month.** Last year several board members expressed interest in setting two-year goals beginning this year.
