### **7. What do you think about the amount of screen time in remote learning?**

36.2% Said its schedule should be reduced slightly to reduce the amount of screen time.

34.5% Said it is the correct amount of time.

### **8. What has been most helpful to your child in remote learning?**

Communication from teachers (Several comments on this)

Emails

Videos

Live instruction

Being able to stay safe at home

Google Classroom

One on One time

Chromebooks

### **9. What could the district do to improve your child's experience with remote learning?**

A few people said they want more live instruction especially older kids.

Concern about the live instruction as parents are working so no one to help the students with the technical issues etc.

Send out the assignments earlier.

Consistency with Google Classroom and how teacher give assignments (especially older kids)

Parents are working so it is a challenge for them.
