A. 2015 BSC Group Parking Lot Circulation Proposals for NFMS/HS - The 2015 BSC Group Parking Lot Circulation Proposals for NFMS/HS were presented and discussed. The committee discussed whether parking lot reconfiguration will be necessary to accommodate combined high school and middle school car traffic. A parking lot construction project would have to be worked into our capital project plan if so. The timing and scope of this project could delay implementation of a school start time change. We discussed adding a statement to our Educational Specifications that our goal would be to work towards combining the high school and middle school start times. This recommendation would be presented to the full board in February.
