

**GOVERNING BOARD AGENDA ITEM  
AMPHITHEATER UNIFIED SCHOOL DISTRICT NO. 10**

---

**DATE OF MEETING: February 5, 2013**

**TITLE: Approval of New Courses or Changes in Course Names**

---

**BACKGROUND:**

We have several new courses for the Board's consideration. Most involve additional levels of CTE/JTED programming:

**Advanced TV Video Productions (IRHS)  
Software Design I and Software Design II (IRHS)  
Auto Tech IV (CDO)**

The following proposal would provide additional elective class offerings at IRHS:

**Music and Recording Technology**

The final two proposed changes are course name adjustments in the IB program at CDO; these are not new courses:

**IBP103 – IB Chemistry SL – Jr    change to IB Chemistry SL (same code)  
IBP101 – IB Mathematics SL – Jr    change to IB Math SL            (same code)**

**IBP203 – IB Chemistry SL – Sr    eliminate  
IBP201 – IB Mathematics SL – Sr    eliminate**

---

**RECOMMENDATION:**

The administration recommends the Governing Board approve these new courses or course name changes.
