From: Alison Smith, Chief Financial Officer

Re: Financial Update

I would like to update the Board of Education on revenue and expenditure projections for the 2025-2026 school year as well as share information made available from the Governor's office on the proposed 2026-27 School Aid budget.

Please include this Financial Update on the agenda on the March 16, 2026, Finance Committee meeting.

Thank you.
